## B.C. PAYROLL, BREAKING ALL RECORDS, REFLECTS GROWTH IN MANY LINES

Province's Total Wage Bill for 1926 Fixed Officially at \$175,173,836, a Big Increase Over 1925 Total; Expansion in Practically All Lines of Business Revealed by Labor Department Returns

Unparalleled progress in the industry of British Columbia, with a payroll which broke all records, is recorded in the annual report of the Provincial Department of Labor for 1926, released at the Parliament Buildings to-day after it had been presented to Hon. A. M. Manson, Minister of Labor, by J. D. McManis, Deputy Minister.

The total payroll of the Province for last year is fixed officially at \$175,173,836, as against \$159,559,820 in 1925 and \$151,507,316 in 1924, with an increased wage bill in practically all lines of business.

The 4,521 firms making returns for 1926 account for a payroll of \$129,420,599.55. For 1925 the returns of 4,138 firms showed a payroll of \$115,943,238.60, and in the previous year 3,859 firms paid out a sum of \$107,798,771.36. The amount paid to officers, superintendents and managers last year was \$12,399,863.21. Clerks, stenographers and salesmen received a total of \$10,627,258.93, and the sum received by wage-earners was \$106,389,478.71. Of the total payments for salaries and wages in 1926, officers, superintendents and managers took 9.58 per cent; clerks, stenographers and salesmen, 5.21 per cent; and wage-earners, 82.21 per cent. The comparative proportions in 1925 were 9.17 per cent, 5.36 per cent and 82.47 per cent; and in 1924, they were 9.04 per cent, 5.29 per cent and 82.67 per cent.

### ESTIMATED TOTAL

Supplementing these totals are other items which should properly be included in the industrial payroll of the Province, and these have been ascertained or estimated by the department in the following summary:

Payroll of 4,521 firms making returns to the Department of Labor \$129,420,599.55	
Returns received too late to be included in above	701,743.16
Employers in occupations included in Dept.'s inquiry not sending in returns—estimated payroll	6,350,000.00
Transcontinental railways Dom. and Prov. Government	13,701,493.76
Dom. and Prov. Government workers	6,000,000.00
Wholesale and retail trade, delivery, cartage and teaming, warehousing, butchers, moving-picture operators, hotels, and auto transportation	5,500,000.00
Ocean service, express and telegraph companies	8,000,000.00
Miscellaneous	1,500,000.00
Total	\$175,173,836.47

(Concluded on page 3)

## B.C. TO FOOT BIG BILL FOR INSANITY

Big Essondale Remodeling Scheme to Get Under Way at \$2,000,000 Cost

Additions and improvements to the buildings and equipment of the Essondale Mental Hospital cost \$2,000,000 as part of British Columbia's bill for insanity, and will take two years to complete, it was announced at the Provincial Secretary's Department.

Construction of the first two units of the new hospital building will begin in the fall. Most of the money will be devoted to the construction of an apartment home for employees, a 750-bed building to house confined chronic cases and a fifty-bed addition to the present quarters for patients in a less serious condition.

The whole undertaking provides also for the eventual erection of a psychopathic hospital in Vancouver, which will be used to receive all cases of mental abnormality for examination and diagnosis.

These measures are necessary because of serious congestion at Essondale, where temporary expedients were adopted this year to enlarge overcrowded wards of the mental home.

## POULTRYMEN CHOOSE F.C. ELFORD LEADER

Next World's Poultry Congress to be Held at London, Eng., Three Years Hence

Ottawa, July 29.—To Ottawa particularly and to Canada in general has come a signal honor in the unanimous election of Frederick C. Elford, Dominion poultry husbandman, as president of the next World's Poultry Congress, to be held three years hence in London, England. No other name was placed in nomination.

Mr. Elford will assume his new office January 1 next, when the term of Edward Brown, present incumbent, will expire.

### BORN IN ONTARIO

Frederick C. Elford is a native of Holmesville, Huron County, Ontario. His first connection with the livestock branch of the Federal Department of Agriculture was in 1901, when he was called upon to take charge of a government demonstration farm at Holmesville. In 1904 he was called to

## QUEBEC TO GREET PRINCES AND PREMIER ON THEIR ARRIVAL

Prince of Wales, Prince George and Mr. Baldwin to Land To-morrow

Old City on St. Lawrence Decorated With Flags For Occasion

Quebec, July 29.—Quebec to-morrow will extend a welcome to the Prince of Wales, Prince George and Premier Stanley Baldwin of Great Britain. The old city has taken on a festive air. Flags and streamers follow the lines of the old fortifications. The Union Jack and the colors of France together with greeting whistles in days gone by French and British met in bitter conflict. And when the Prince and the Premier land to-morrow they will stand on historic ground. There, eighteen years ago, the King and Queen (then the Duke and Duchess of York) landed to do honor to the memory of Champlain, the founder of Quebec. Nearby, Champlain built his first "habitation." But a short distance away, Montmorency fell.

According to changes in the programme, the liner Empress of Australia will proceed up the St. Lawrence and anchor in the stream opposite the Kings Wharf. Before the two Princes and Premier Baldwin leave the ship, a party of newspapermen will go aboard to interview Mr. Baldwin. In all probability the Prince of Wales also will be present at the interview. At 10 o'clock, Hon. Narcisse Perreault, Lieutenant Governor of Quebec, and Premier King (Concluded on page 9)

## TWO INVESTIGATIONS FOLLOW EXCURSION DISASTER AT CHICAGO

Sinking of the Favorite, Pleasure Craft, Caused Loss of Twenty-six Lives

Chicago, July 29.—Two inquiries, directed by the police and the coroner's office, were in progress here to-day following the steamer Favorite disaster late yesterday, in which at least twenty-six persons, most of them women and children, lost their lives.

A sudden offshore squall that passed in a few seconds and left this part of Lake Michigan as smooth as a millpond capsized the small vessel. The tragedy, which occurred about a mile from the Chicago Municipal Pier and half a mile off shore, came almost twelve years to a day from the date of Chicago's greatest water disaster, the sinking of the steamer Eastland with a loss of 812 lives. The two resulted from the same cause—a rush of passengers to the port side of the ship.

**YACHT SAVED FIFTY**  
Fifteen of yesterday's victims were children—nine boys and six girls—ten were women and one man. Mrs. Mary Bernier, seventy-five years old, and a half dozen men were thrown into the water when the Favorite, toppled over, but fifty or more were saved, some in a thrilling rescue, by William Hofbauer, millionaire yachtsman, who happened to be cruising by in his large yacht.

While divers searched the lake bottom near the scene for more victims, derricks lifted the craft late last night while flood lights were played on the tragic picture. Five bodies were found as the ship came to the surface.

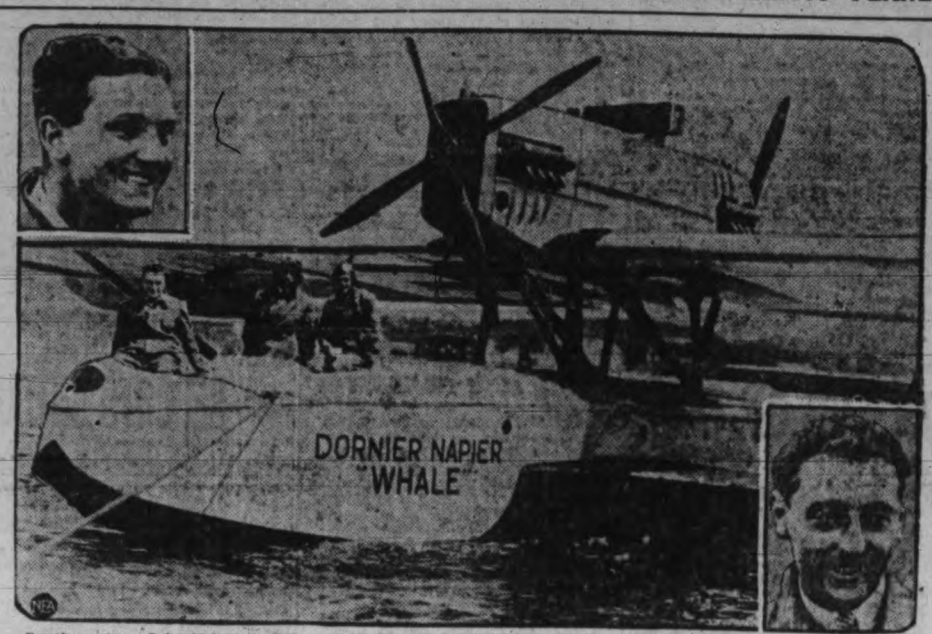

### IDENTIFIED DEAD

The list of identified dead is as follows:  
Mrs. Fannie Holmes, forty, Berwin, Ill.; Mrs. Clara Young, thirty, Mrs. Ruth Young, seven, her daughter; Robert Erickson, six; three-year-old son of Mrs. Pauline Abernathy, Evanston, Ill.; four-year-old son of Mrs. Abernathy; Mrs. Amanda Bernier, fifty-nine; Robert Koutnick, seven; Henry Koutnick, eight; Jeannette Hedrick, nine; and Mrs. S. Koutnick, Margaret Murray, four; Mrs. Mabel Parento, twenty-two; Anthony Parento, eight (Concluded on page 9)

## New Liquor Law In New Brunswick In Force Sept. 6

Fredericton, N.B., July 29.—The new act to regulate the sale and control of liquor in New Brunswick will come into effect September 6, it was announced to-day by Premier Baxter. Certain sections of the new liquor law already are in force.

## UNFAVORABLE WEATHER DELAYS TEST OF TRANSATLANTIC PLANE

Southampton, July 29.—Capt. Frank T. Courtney was at Calshot all to-day in anticipation of being able to take the "Whale," his transatlantic flying boat, up for an extensive trial flight. The wind, however, was still blowing hard and the weather was so bad that the test was still held up late to-day. Weather bulletins indicate conditions over the Atlantic do not show much improvement.

The picture above gives a glimpse of the seaplane in which Capt. Courtney and two companions hope to fly from Southampton to Valentia, south-west Ireland, to Newfoundland and then to New York. Inset at the upper left hand corner is a picture of navigator Downey and inset at the lower right hand corner is a picture of Capt. Courtney.

## GRAIN BY-LAW AIRED BY RETAIL SECTION

Panama-Pacific Grain Terminals Limited Is Subject of Open Discussion This Morning by Mayor and Chamber Speakers

The Panama Pacific grain by-law was discussed at length before a meeting of the Retail Merchants' section of the Chamber of Commerce this morning, speakers being heard on both sides of the question. Mayor J. C. Pendray outlined his opposition to the present measure, while a number of speakers spoke in favor of the measure.

Mayor J. C. Pendray said he knew himself to be on the minority side of the question in so far as council support was concerned. He felt it was his duty to express his opinions, however, though he had no intention of carrying on any campaign against the measure.

There was nothing wrong with the argument in favor of Victoria as a grain port, and one with a big future, continued the Mayor, and in all that was being said to that end he was most heartily in accord. Also the industrial committee of the council had drawn up the tightest agreement possible, he believed, and little fault could be found with their work in that connection. His opposition to the Panama Pacific plan was based mainly on a lack of confidence in the Panama Pacific interests to carry out the project.

"Personally I do not think the men at the head of this business can carry it to a successful issue. Business depends on successful management, as you are well aware. I think they are good, honest men, but I have not that confidence in them." (Concluded on page 9)

## \$500,000 FIRE IN TIA JUANA TO-DAY

Two Blocks in Northern Mexico City Were Swept By Flames

San Diego, Cal., July 29.—A fire that swept two entire blocks in Tia Juana, Mexico, early to-day, caused an estimated loss of \$500,000. The fire is reported to have started in a pile of rubbish behind the San Diego bar and had swept the entire block on the east side of Main Street from First to Second and the block from Second to Main Street.

## 150 WERE KILLED IN WUCHANG DISASTER

Hankow, China, July 29.—More than 150 soldiers and civilians were killed Monday and injured as a consequence of an unexplained fire at an army ammunition base at Wuchang, across the Yangtze River from Hankow, yesterday. Most of the deaths were caused by the explosion of gunpowder and bullets. The entire district surrounding the base was reduced to ruins. United States mission properties in the explosion zone were wrecked.

## TIMES FEATURE NEWS IN BIG SATURDAY ISSUE

Complete short stories, pictures from every part of the world, fashion notes, features for children, four pages of comics, cartoons and cables from the Old Country, are included in The Times big issue Saturday.

Psychic Opposition is the theme of a new novel reviewed by Professor W. T. Allison. How Victoria students obtain funds for College. Robert Connell, noted Island naturalist, tells of visit to the River Jordan and Sunloch Mines. How a champion wolf-killer uses a fast automobile in his unusual profession. "The World's Most Famous Leper" is the subject of another feature. The picture story of Jack Lockwill, at Rocklake, so popular with the youngsters, is continued on the children's page.

## MOTORSHIP APOLLO MISSING FOR WEEKS OFF MEXICAN COAST

Ships Asked to Watch For Vessel Which Left Vancouver For English Port

C. N. Coe of Victoria Sailed on Freighter as Chief Officer

Vancouver, July 29.—Anxiety is felt here regarding the safety of motor vessel Apollo, formerly the Principio, which left Vancouver May 26 laden with lumber for England. She has not yet been reported at the Panama Canal. The ship has a crew taken on at Vancouver and many inquiries have been made. Whether she is adrift of the regular lanes somewhere south of Matatlan or has been lost is not known. Leaving here late in May with a cargo loaded by the Canadian Transport Company Limited, the ship encountered misfortune in her first days at sea when her first engineer, G. G. Grinnett, was found dead. He had been with the ship since she came out from Germany several years ago.

**ENGINE REPAIRED**  
Later, the ship's starboard engine went out of order and she crawled into Matatlan for repairs early in June. Finding it impossible to make permanent repairs there, she received temporary patching and departed on June 12 for Balboa, where facilities were available for proper repairs.

Since then she has not been heard from. Matatlan is about 1,900 miles from Balboa.

**LOOKOUT IS KEPT**  
Word has been passed to shipping agents for reports of the missing vessel, but no news has been received. The ship is owned by the Shell Shipping and Trading Company Limited of Vancouver, and is under registry of Guatemala.

**CREW LIST**  
The crew is: Captain P. F. McManus, Vancouver; chief officer, C. N. Coe, Victoria; second officer, J. E. Velyn, Vancouver; third officer, J. Mosen, Vancouver; able seaman, J. Irvine, Vancouver; H. Melthorp, England; second engineer, E. Lemmer, Germany; the I. William T. Evans, Wales; fourth, W. Sheriff, Scotland; others, J. Haining, Scotland; cook, G. J. Snarks, Vancouver; wireless operator, George Pearson, Vancouver.

W. Nolan of Calgary is listed as messenger.

## Aimee McPherson To Remain With Angelus Temple

Los Angeles, July 29.—Morning and early afternoon papers here blazoned forth the announcement to-day by Aimee Semple McPherson, evangelist, that she intended to resign her leadership of the Angelus Temple and move to other fields. A few hours later she recalled that statement and said there would be no "immediate change."

## CONSERVATIVES OF SIMILKAMEEN AREA NOMINATE MCKENZIE

Penticton, B.C., July 29.—Conservatives of Similkameen, meeting at Keremeos, unanimously selected W. A. McKenzie, member for the district to be their candidate in the next provincial general election. The nomination was seconded by W. C. McDougall of Olla.

In his speech of acceptance the candidate declared in favor of the creation of a highway commission in order to remove the construction from the influence of politics. He also believed a thorough investigation of the civil service of the province should be undertaken in order to eliminate all possible overlapping.

## BODY OF GIRL IS TAKEN FROM RIVER

New Westminster, B.C., July 29.—The body of Jeanette House, ten-year-old daughter of Capt. C. J. House, Chief aviator, New Westminster, who was drowned in the Fraser River July 18, was recovered by T. Sudo and K. Kibagawa, Japanese fishermen, yesterday afternoon near Annapolis Island. The little girl was whisked from the deck of the fisheries patrol boat Foam Crest while attempting to draw a bucket of water.

**HOUSE BURNED**  
HANEY, B.C., July 29.—Fire destroyed the home and furniture of S. Wilson on Bert Road while Mr. and Mrs. Wilson were in the village. The house was insured.

## GREAT WALL OF ICE BARS MOUNT ROBSON CLIMBERS

Lake Adelphi, Mount Robson, B.C., July 28 (By Courier).—The great ice wall that guards the approach to the summit of Mount Robson turned back the two parties of mountaineers from Seattle and Oregon who sought to reach the peak of the Canadian Rockies. The mountaineers admit their defeat, but in their losing fight against insuperable odds they added another brilliant chapter to a history which is bright among the Alpine clubs of the world. On their ascent from the floor of the valley to the high camp they fought a

## BRITISH CABINET SEEKS SOLUTION OF NAVAL CRISIS

Situation at Geneva, Where Cruiser Problem Threatens to End Three-Power Conference, Taken Up To-day at Hastily-summoned Session of Ministry in London; Several Members on Way to Country Points for Week-end Recalled

## COMES TO CANADA FOR A VACATION; HON. P. C. LARKIN

London, July 29.—The British Cabinet met late this afternoon. The meeting was hastily summoned, several Ministers who were en route to the country for the week-end being recalled.

It was reported the reason for the hurried session was the position which has arisen at Geneva. Instructions for the recall of these Ministers who had left London were given by Sir Austen Chamberlain, Foreign Secretary, acting in the capacity of Prime Minister in the absence of Premier Baldwin, who is now en route to Canada.

### PROPOSAL DISCUSSED

Geneva, July 29.—A suggestion which the British delegates believe might solve the present difficulty over eight-inch gun cruisers and thus save the Three-Power Naval Conference came to-day from British circles. This suggestion was that the United States delegation ask for the right to build more eight-inch gun cruisers than are provided for under the plan submitted yesterday and that the British would look favorably upon such a proposal, providing the British tonnage in cruisers was raised in proportion.

London, July 29.—There is a reason to believe Japan will undertake the role of mediator between Great Britain and the United States to save the Three-Power Naval Reduction Conference from a breakdown, says a Reuter dispatch from Geneva this morning.

London, July 29.—The crisis at the Three-Power Naval Conference at Geneva was discussed in the House of Commons to-day, meeting for its last session before adjournment until November.

Rt. Hon. J. H. Thomas, Labor, asked Foreign Secretary Chamberlain whether any stationer had received reports of a breakdown in the negotiations. Under-Secretary Locker-Lampson of the Foreign Office replied that the British Government had received no further message from Geneva since Sir Austen Chamberlain's statement of yesterday, in which he said a plenary meeting of the conference would be held on Monday, when the whole question would be discussed.

### INFORMATION AWAITED

Downing Street, like the House of Commons, is without information regarding the exact status of the Geneva conference. Although officialdom generally was gloomy regarding the outcome to-day, it was strenuously denied that it was correct to say a breakdown had occurred. The feeling expressed was that anything might happen before the plenary session on Monday and that a solution of the British-United States differences could yet be reached.

### NO NEW PROPOSAL

Geneva, July 29.—The British delegation to the Three-Power Naval Conference here has no intention of submitting any new proposal for a temporary arrangement concerning cruisers, a British spokesman told the Associated Press to-day when asked about a report of the British-United States differences could yet be reached.

The spokesman added that the projected Geneva treaty would in itself be essentially temporary since it would run only ten years, and moreover another conference must be convened in 1931.

(Concluded on page 9)

## LINDBERGH INVITED TO CITY TO ATTEND BIG TRADE PARLEY

Colonel Charles A. Lindbergh, most famous of living aviators, was invited by Hon. J. D. MacLean, Acting Premier, to-day to attend the annual convention of the Pacific Foreign Trade Council here in September. Dr. MacLean's invitation was issued on behalf of the Provincial Government to the young man who conquered the Atlantic in a lone aeroplane flight. If Colonel Lindbergh can come to the meeting here he will be one of many notable men attending to discuss trade problems. It is hoped he will speak to the delegates on aviation.

### Hunt For Native Who Fired at Men of Cannery at North Pacific, B.C.

Prince Rupert, B.C., July 29.—Thomas Wright, an Indian, who caused terror in the fishing village of North Pacific yesterday when he ran amok with a rifle, had not yet been found this morning, according to information received here. Apparently crazed by bootleg liquor, the man fired at several cannery officials and the established times at the end of a dock and fired at random. After five shots he went away in the direction of Cassiar. He was pursued by police throughout the night, but the officers, Constables Command and Reinhold, had not reported any success this morning.

### No one was injured in the firing.

The Indian was shot by a constable and an employee of the Balmoral cannery. He was ordered to go to his boat and remain there until sober, and resisted the command. On gaining the boat he produced a repeating rifle. He shot at a foreman named McGregor and at Neil Ross. The bullets whistled perilously close, but no one was hurt.

## RAIDERS DEFEATED BY IRISH SOLDIERS

Dublin, July 29.—Armed men made an attack on the guard at the Tuillaght military camp near Dublin, this morning, but were driven off by the soldiers. None of the guard were injured.

## POLICE SEARCHING FOR ARMED INDIAN

Prince Rupert, B.C., July 29.—Thomas Wright, an Indian, who caused terror in the fishing village of North Pacific yesterday when he ran amok with a rifle, had not yet been found this morning, according to information received here.

Apparently crazed by bootleg liquor, the man fired at several cannery officials and the established times at the end of a dock and fired at random. After five shots he went away in the direction of Cassiar. He was pursued by police throughout the night, but the officers, Constables Command and Reinhold, had not reported any success this morning.

### No one was injured in the firing.

The Indian was shot by a constable and an employee of the Balmoral cannery. He was ordered to go to his boat and remain there until sober, and resisted the command. On gaining the boat he produced a repeating rifle. He shot at a foreman named McGregor and at Neil Ross. The bullets whistled perilously close, but no one was hurt.

## AIRMAN NAMED FOR LONDON-LONDON TRIP

Lieut. J. D. Vance to Pilot Ontario Machine in Attempt to Cross Atlantic

London, Oct. 29.—Lieut. James D. Vance of Toronto, aged thirty, native Canadian airman with a brilliant war record, was named yesterday by the promoters of the London-to-London aeroplane flight to attempt the hop. Should he succeed he will win a prize of \$25,000.

The 3,900-mile non-stop flight, the first from Canada or any mid-continent point, will be attempted in the latter part of August. Vance was selected when the Ontario Government refused leave of absence to Capt. W. Roy Maxwell and Capt. T. D. Tully of the Ontario forest patrol, to make the trip.

Vance is a bachelor. He was born at Ingersoll, thirty-five miles from here. He holds the Air Force Cross for distinguished service overseas.

On the Atlantic voyage he is to have a companion.

Vance is well acquainted with the world famous and much talked of Col. T. E. Lawrence, the "Uncrowned King of Arabia," having met him while serving in Egypt. Vance had Lawrence as a passenger for part of his London-to-Cairo flight in 1919.

## LEVINE'S AND PILOT'S OPINIONS DIFFER

Drouhin Objects to Flying Transatlantic Plane in Exhibitions in Europe

Paris, July 29.—The Ballance-Wright monoplane, which was scheduled to take off for Nottingham, England to-day to take part in the aviation meet there with Maurice Drouhin as pilot and Charles A. Levine as passenger, may remain in its shed.

Drouhin, after a trial flight yesterday afternoon, said he was satisfied with the way the plane behaved, but the report became current that the relations between the pilot and his passenger were not so good as between the pilot and the plane.

The final contract between Levine and Drouhin for the proposed flight from Paris to New York has not yet been signed. It is reliably stated, and the pilot is represented by friends as positively opposed to exhibition flights such as that in England.

In any case the Columbia will not be ready for the transatlantic attempt for at least ten days. A week's trial and tuning up will be required after the new task is installed. Then the hop-off will depend upon the weather, provided everything is arranged between the owner of the machine, and Drouhin, in the meantime.

## B.C. PAYROLL, BREAKING ALL RECORDS, REFLECTS GROWTH IN MANY LINES

(Continued from page 1)

### INDUSTRIAL CENTRES

For the third time the department has segregated the returns according to the areas in which the industrial operations dealt with were being carried on. The result shows that 36.44 per cent of our industrial payroll was located, last year, in Greater Vancouver, compared with 35.05 per cent in 1925, and 35.05 in 1924. For the purpose of this calculation, Greater Vancouver is taken to include Vancouver City, North Vancouver, South Vancouver, West Vancouver, Point Grey and Burnaby. The rest of the Mainland, including also the Queen Charlotte and other Northern Islands, had 46.31 per cent of our industrial payroll—an increase compared with 45.93 per cent for 1925, and 45.02 per cent for 1924.

Vancouver Island, taking in also for this purpose, the Gulf Islands, has a lower percentage of the province's payroll for this year—the 17.25 per cent in 1926 compared with 16.02 per cent in 1925 and 18.93 per cent in 1924. The lessened activity of coal mining on the island during 1926 is sufficient to account for this difference. Dividing the totals given in the preceding paragraphs in the same proportion as the figures in actual payroll, the following apportionment is arrived at of the industrial payroll of the Province for the past three years:

	1924.	1925.	1926.
Greater Vancouver .....	\$ 54,446,747.95	\$ 56,065,917.19	\$ 69,833,348.01
Rest of Mainland .....	67,992,347.28	73,409,245.09	81,123,003.87
Vancouver Island .....	29,595,230.99	30,424,387.92	30,217,486.73

\$151,037,316.20 \$159,959,550.20 \$175,173,836.47

### BIG GROWTH SEEN

These figures show that our industries, during 1926, were, for the most part, in a very healthy condition—expansion being the general rule. The building and contracting group, for example, had shown such a marked advance during 1925 that many people doubted its ability to go further ahead in 1926, and yet, in this latter year, the payroll of the industry went up by \$1,700,000. The lower mainland—the region centring in the City of Vancouver—obtained the chief benefit of this, but improved records came from most of the other districts in the Province. Some of the big contracts which helped to make up the return are now finished, but others have been entered upon, and small operations, such as the building of residences, are probably more numerous, so that appearances point to another good showing for the current year. Coast waterways are becoming more important as the highways and byways of commerce, and the payroll in the coast shipping group went up last year by over \$675,000. The wage payments in this group have more than doubled themselves in the last four years.

### FOOD PRODUCTS

The food products group improved upon its payroll of 1925 by more than a million, and while the fine record achieved by the fish canneries is mainly responsible for this, expansion in other divisions embraced in this group, such as creameries and dairies, cereal milling, fruit canneries, bakeries,

jam making, and packing houses cannot be ignored.

Coming to lumbering, the largest industrial group, the report says nearly \$3,000,000 was added to the payroll in 1926, a fact which is itself an eloquent comment upon recent legislation, of which the effect has been felt chiefly in lumbering operations.

The increase of \$750,000 in the payroll of metal mining follows upon a series of annual additions to the payroll, carried over a number of years, and the prevailing note in this industry today is one of continued advancement. The forward step by over \$200,000 in the wood manufacturing industry is a welcome sign that progress is being made in the marketing of our lumber products in a more finished state. A similar increase was shown in the smelting industry, while shipbuilding and repairing, after lagging somewhat in 1925, last year showed an increase of more than fifty per cent, the actual gain being over \$600,000.

### PAPER WAGES GROW

Even a greater proportionate advance was made by the pulp and paper industry, which paid out \$2,300,000 more in wages in 1926 than in 1925. This is mainly due to the fact that one of the largest concerns in the Province virtually doubled its capacity during the year, and other operations were also on an extended scale. The full result of these developments upon the annual payroll will not be seen until the end of the current year; and by that time we shall probably know more about other important new projects which are now in hand.

Printing and publishing is in line with other industries in showing an advance of \$369,000, and paint manufacturing, one of the smaller industries, goes forward proportionately. Another group which shows more than a fifty per cent increase, is that of oil refining, in which is included flourishing new ventures, the fish reduction plants on the west coast of Vancouver Island and the Northern Mainland. The metal trades group, in which are included machine shops, boiler-making, foundries and garages, are up by \$1,500,000, a circumstance for which the report can suggest no other explanation than the general prosperity of the Province, and the same condition no doubt explains the satisfactory increase in other groups such as laundries, cleaning and dyeing, manufacturing leather and fur goods, manufacturing jewelry, house furnishing, and garment-making. The production of builders' materials makes another stride in step with the growth of building and contracting, and the payroll of the breweries and soft drink manufacturers is also appreciably advanced.

### COAL DROPS

Of the industries which show a decreased payroll, the most conspicuous is coal mining. The reduction of its payroll by over \$600,000 may be due partly to the severe competition of oil fuel in its various forms, and partly also to the extreme mildness of the winter of 1925-6, necessitating less than the normal consumption of domestic coal. However, the first few months of the current year have witnessed a notable increase in coal production in the Province.

There is again a decreased payroll in the explosives and chemicals group, and a slight decrease in cigars and tobacco manufacturing. The reduction by over \$500,000 in the payroll of the miscellaneous group is probably more apparent than real, as this group always embraces a number of operations which, by changing their character somewhat, become eligible for inclusion in one of the other groups. The wage payments for various public utilities in the Province show a reduction of nearly \$100,000, and the explanation appears to be that in 1925 the returns from some of the operations, particularly in the interior of the Province, included considerable payments for extension work. The large companies in the coast region nearly all paid larger totals under the head of wages in 1926 than in 1925.

### EMPLOYMENT CHANGES

Discussing fluctuation of employment, the report says movement was not unlike that of the previous year. The low point was touched in January, for which month 70,030 workers, male and female, were accounted for in the returns. Each succeeding month witnessed a decided advance, until midsummer, but there was a slight falling-off between July and August, and then in September came the higher figures for the year, with a total of 89,212. For the next three months, the figures take rather a steep downward course, the month of December finding 73,383 persons in industrial employment, or 3,283 more at the end of the year than the beginning. In the past eight years the peak of employment has been reached three times in July, three times in August, once in 1925, in October, and for the year now under review, in September.

The year 1926 was the third year in succession in which the lumbering industry arrived at its greatest activity during May. The peak of employment in this industry seems now to be two or three months earlier than in former years. In all likelihood it is a case of meeting the requirements of the industry's more distant markets, which naturally wish to receive their supplies during the best building months of the year, and which are annually increasing their demands for British Columbia's lumber.

## FIREWORKS FACTORY DESTROYED BY FIRE

Explosion Started Trouble at Plant in New Jersey; Two Horses Killed

North Bergen, N.J., July 29.—An explosion of undetermined origin yesterday caused destruction by fire of the three one-story wooden buildings composing the Smith Company's fireworks factory at Seventeenth Street and Liberty Place here.

A check-up after the explosion accounted for the employees, none of whom was injured. A boy in the neighborhood was reported missing, but police did not believe this had any connection with the fire.

A fireworks bomb landed on a stable adjoining the factory and set it on fire. Two horses were burned to death. The fire was quickly brought under control.

## "Campbell's" Make a Determined Drive With Bigger Bargains for the Clean-up of Their July Sale This Week-end

MANTLE DEPARTMENT—Not a woman can afford to overlook the Mantle Department. There are dozens of smart suits, coats and dresses from which you are sure to find a model to suit you and priced easily within your reach.

## Irish Jews Form Fraternal Society

New York, July 29 (Jewish Telegraphic Agency)—Irish Jews, in an effort to convince the world that they exist, have organized a fraternal society, which will develop, they hope, into a national order with branches in all the leading cities.

The organization was named the Irish Jews of America at the first meeting held last night at the home of Alexander Freeman, formerly of Belfast. Jack S. Levine was elected chairman, and Leon Huhner, attorney and author of "A History of the Jews in Ireland," honorary chairman.

There are about 1,000 Irish-Jews in Greater New York, and several thousand scattered throughout the states, it is estimated.

## PRISON SENTENCE IMPOSED

Los Angeles, July 29.—Mrs. Margaret Rowan, evangelist and self-styled "Prophetess of Doom," yesterday was sentenced to serve one to ten years in San Quentin prison, having been found guilty of a charge of attempting to murder Dr. Burt E. Fulmer, leader of a faction which withdrew from Mrs. Rowan's church.

## CANADA'S MOST ANCIENT INDUSTRY

**CANADA'S FIRST INDUSTRY.** THE fur trade, dating from the days of Jacques Cartier, has grown by leaps and bounds since Confederation, notwithstanding the fact that most people look upon it as almost a thing of the past. In 1867 the return from the fur trade was about \$769,000, while, in 1926, it is estimated, the value of pelts purchased from trappers and fur-farmers was over \$22,000,000.

For two centuries and a half the Canadian fur trade has yielded rich returns to English investors. The profits of the early traders were enormous. The records of 1676 show that the "Adventurers of England Trading into Hudson's Bay" sent to the Bay merchandise costing \$650, and the furs obtained by barter sold in England for \$19,500. The dividend on stock of \$10,500 was sometimes as high as one hundred per cent. All went well until rival companies entered the field. Trade was followed and profits dwindled to the vanishing point. In 1621, after years of strife, the Hudson's Bay Company emerged triumphant, secured legal recognition of its monopoly and forty years of prosperity followed.

The company's right of exclusive trade in Indian territory expired in 1859 and two years after Confederation it surrendered to Canada its jurisdiction over the Great Northwest for the sum of \$300,000, lands about its trading posts and one-twentieth of the land in the fertile belt between the north Saskatchewan river and the United States boundary. Many of the shareholders thought this spell ruin for the company, but it has grown in strength and has continued to make enormous profits out of the fur trade, its land department, and its chain of departmental stores.

London, England, for nearly two hundred years, had been the principal market for the fur trade, but during the World War the market shifted to the United States. At the close of the war, Montreal became an international fur market, holding the first fur sale in 1920, when 949,565 pelts were disposed of for \$3,057,114. Auction sales have also been held at Winnipeg and Edmonton. The Canadian fur market is now firmly established and sales held three or four times a year.

The fur trade has taken on new methods to supply the demand, renaming common and despised furs and encouraging the use of the furs of domestic animals in Canada, the fox has proved the most suited for domestication. The successful breeding of the fox on fur farms came in the period of rising prices after 1890. Other animals—raccoon, mink, marten and the malodorous skunk—have been domesticated, though less successfully than the fox.

Through all the changes in the trade the Hudson's Bay Company has remained the greatest trader in furs. Its chief collecting point is now Winnipeg. Yearly, as in the early days of its operations, a vessel from London visits Moose Factory laden with supplies for the trade, and returns with a rich cargo of pelts.

## A STRANGE OMISSION

**THE WESTMINSTER COLUMBIAN** HAS been busy making a Cabinet for a Conservative Government in British Columbia. This newspaper belongs to Senator J. D. Taylor, who is a political colleague of Hon. S. F. Tolmie, the leader of the Conservative Party of British Columbia. Presumably Senator Taylor has Dr. Tolmie's views as to what course would be pursued in the unlikely event of the Opposition winning the next general election? Otherwise he would not have published an article which must be puzzling to many Conservatives at this juncture.

To begin with, we are told that a Cabinet of Dr. Tolmie's choosing might not include any member of the present Legislature or that at most it would include only one sitting member. The article mentions, as prospective Ministers, Colonel W. W. Foster, H. B. Thompson, H. H. Stevens, M.P., R. S. Lennie, and R. L. Maitland, none of whom is in the Legislature. The only member of the House named as a possibility is W. A. McKenzie. Mr. Pooley, incidentally, is wished into the Speaker's chair, because "he hopes to follow in the footsteps of his father," his disinclination to accept a portfolio being taken for granted by the New Westminster journal.

All this is interesting for more than one reason. Either Senator Taylor or Dr. Tolmie, or both, obviously has a very poor opinion of the administrative ability of Mr. Twigg, Mr. Jones, or Canon Hinchliffe, since they are left out of the picture. What has happened? Is this Dr. Tolmie's way of teaching his supporters that there is a difference between sound politics and throwing mud?

At any rate, the article which The Columbian gave considerable prominence would seem to call for an explanation. In the meantime we venture to suggest that several members of the present Conservative

Opposition are wondering what is the use of their advertising the unity of the party when one of its leaders speaks out of his turn.

## DISARMING IN A FUNNY WAY

**AS A WAY OUT OF THE DEADLOCK** at Geneva it is reported that Great Britain is about to suggest to the United States that the latter country might ask for the right to build more eight-inch gun secondary cruisers than is provided for under the plan submitted yesterday. Great Britain, the report goes, would look favorably upon such a proposal, providing that British total tonnage in cruisers was raised in proportion.

When President Coolidge issued his invitation to the powers to attend this conference the taxpayers of the countries that accepted looked forward to an agreement which would cut down naval expenditure and lighten their load. No longer, however, can it be called a disarmament conference. It has developed into a wrangle about the size of guns and cruisers and the number of cruisers each power should have. The latest proposal obviously means more money for fighting ships. If it means anything else, it will require a good deal of explanation.

There is no guarantee that an agreement will be reached; nor does it follow that the conference will fail altogether. Should no undertaking be entered into, however, and arrangements are made to resume the discussions at a later date, it might be a good plan to leave the Admirals at home and take a few experts who really know what aircraft will do at this juncture and give a pretty good idea of what its capabilities will be ten or twenty years hence. Much useless discussion about obsolete equipment might then be avoided and the taxpayers would get the benefit.

## MEETING VANCOUVERITES

**WHEN HE GOES TO VANCOUVER** IN future Hon. J. D. MacLean will be at the Court House between 10 and 12 o'clock in the morning prepared to discuss public business with anybody who desires to do so.

Our Cabinet Ministers can be approached at all times with comparative ease, as long as those who want to see them are not mere time-wasters, but the acting-Premier, in his desire to know the business men of Vancouver and hear their views on public matters, is setting a precedent which will be appreciated. His proposal is an excellent one in many ways, but it is bound to impose a heavy drain upon his energy.

Dr. MacLean's announcement, of course, does not constitute an invitation to all and sundry to drop in and have a chat about nothing in particular. We recommend to him, however, that he appoint an outer guard who knows the difference between "wheat" and "chaff." There must be at least 100,000 people in Vancouver who personally will urge the acting-Premier to give them something.

## MAKING A BIG CITY

**SEATTLE HAS JUST PUBLISHED** A new directory and it reveals the population of what is now called Greater Seattle as 472,428. This represents an increase of 34,565, or eight per cent., in twelve months.

Considerably less than half a century ago Seattle was just a sawmill town of no more than five thousand people. For some time it made no spectacular progress; but as soon as its people made up their minds that they were going to sell their neighborhood to citizens of other towns and cities the place began to grow. It has been growing ever since. In the last ten years, the last five, for that matter, its growth has been phenomenal.

Why has Seattle grown? In several ways Nature was not as kind to it as she has been to Victoria. Seattle has grown because its citizens have insisted that it should grow. Their city is the only city in the world to them. They have talked Seattle and worked for Seattle to the exclusion of all else.

Increasing a city's population by more than 34,000 in one year is a stupendous achievement. It just shows what is possible when people make up their minds to do things in a big way. Seattle's case is new proof that a community can be made just what its citizens want to make of it.

## WHAT OTHER PAPERS SAY

"POTENTIAL MURDERERS"  
From The Ottawa Citizen

Hon. Mr. Perron is to be highly commended for his avowed intention to stop motor speeding. Motor speeding is potential murder. Every man who drives a car recklessly or in any fashion which invites an "accident," compels innocent riders in other cars to go to their deaths—to risk sudden death or dire mutilation. If this is not "potential murder," what is?

The dangerous driver—whether he be drunken or only indifferent to the safety of others—is in precisely the position of a man who should fire a rifle at random down a busy street. He might hit no one. But he is none the less a "potential murderer," for it is not his fault if the people within range are lucky enough to escape.

We would jail the man with the smoking rifle. But we have not yet reached a development of public indignation which leads us to jail the man with the rushing car. He must actually hit somebody before we take serious action—and even then it is often not half serious enough.

Stripping these law-breakers of their licenses is a step in the right direction, but only a step—little more, indeed, than a stumble. There must be protection for the law-abiding and decent motorist on the public highways. Mr. Perron's measures should help, and they will be more effective and more acceptable if he protects these law-abiding motorists also against the injustice of arbitrary conviction on the unsupported evidence of men who sometimes have a direct interest in penalizing offenders.

## Do You Mean What You Say?

"THE ALMIGHTY DOLLAR"

It was Washington Irving who coined the apt expression of "Almighty Dollar" to personify the prevailing passion for gain in America. Irving referred to the "Almighty Dollar" as "That great object of universal devotion throughout our land." His phrase has been adopted into the idiomatic American tongue and is in common use to-day.

## Canadian Questions and Answers

### SLAVERY IN CANADA

Q. Did slavery ever exist in Canada, and if so, when was it abolished?  
A. Slavery once existed in Canada. Upper Canada, now Ontario, can boast of being the first country under the British flag to abolish slavery, which was done by an Act of the Upper Canada Legislature in 1793. An Imperial statute of 1833 removed all remains of the system in Canada. The first recorded sale of a slave was at Quebec, in 1628, when a black boy from Madagascar was sold for fifty half-crowns.

## The WEATHER

Daily Bulletin Published by the Victoria Meteorological Department.

Victoria, July 29—5 a.m.—The barometer remains high over Northern B.C. and fine, hot and dry weather is increasing the forest fire hazard on the Lower Mainland and in the Interior. Fine warm weather also prevails in the prairie.

Reports

## CONFEDERATION AND AFTER

### Sixty Years of Progress

No. 66  
**SIXTY YEARS OF LITERATURE** Canada has had many celebrated writers since Confederation; but for the most part their work has necessarily been an extension to new soil of impulses originally European. She has, however, made the unique contribution to world literature in the invention of the animal story in the late eighties by Charles G. D. Roberts and Thompson Seton—both native sons. Previously, no writer in the world had ever treated animals as subjects for serious fiction; but the discovery and

### JOTS FROM GEOGRAPHY

"THE BELFRY," at Bruges, Belgium, rises to a height of 325 feet, and is one of the best examples of the modified Gothic style in the little nation. The building from which it rises was formerly a Trade Hall, but is now used for commercial enterprises. The view from the tower is extensive, revealing many miles of the countryside, as well as details of the city.

## KIRK'S ADVICE!

BUY COAL NOW

"Does Last Longer"

## KIRK COAL CO. LTD.

1212 Broad Street. Phone 139

Your Salary will stop with your pulse, but your family's appetite will go just the same.

KENNETH FERGUSON  
Imperial Life Assurance Company  
508 Belmont Bldg.

conquest of this new and fascinating field by the two Canadians led others to follow them, with happy results. Confederation itself inspired the first considerable outpouring of fine native poetry; for in 1867 Lampman, Carman, Duncan, Campbell, Scott and Roberts were children of an impressionable age and Louis Fichette still in his twenties; and the optimism with which they, as young men, faced the future, sense in a faith in the destinies of a united country, led them to sing in more confident tones and with a surer mastery of their art than the poets of earlier generations. Love of the land was ever their chief inspiration. And after them came younger men—MacInnes, Nelligan, Service, Lozau, Pratt, Norwood and Wilson MacDonald—all distinguished for artistic vitality, and one woman—Marjorie Pickthart—famed for the sweetness and tenderness of her melodies. Canadian poetry is conservative, dignified and graceful, and is yearly occupying an increasingly more enviable position in international literature.

Miss Macleod de Roche's recent attainment of fame with her novel, "The Nautilus," marks the present peak of a steady rise in native fiction, evident from the days of James De Mille and William Kirby, shortly after the Confederation. Towards the end of the last century Gilbert Parker and Ralph Connor were telling Canadian stories to their hundreds of thousands. Miss L. M. Montgomery's "Anne of Green Gables" at the beginning of this century became enormously popular. The successful Canadian novelists and short story writers of the present are a large and honorable company, including such as Paul Morin and F. P. Grove.

Humor, which began a hundred years ago with Thomas Haliburton, the creator of "Sam Slick," has been continued by de Mille and Sara Jeanette Duncan, Leacock, McArthur and Donovan. Historical writing, after the death of Garneau in 1866, may be represented by Lawrence J. Burpee, Sir John Williston and M. O. Hammond.

The writing of plays is a more recent development, but in Merrill Denison Canada already has a dramatist of genius. Lately the Canadian public has learned to take pride in the achievements of its authors, and the sympathetic interest in their work now shown by their countrymen has encouraged them to try to win this growing national audience by more ambitious performances. Another result of this new attitude is a constantly increasing library of readable books that interpret the life of each section of the country to other sections, thus promoting closer union. Still another result has been the checking of the exodus of native writers. Sixty years ago no Canadian writer, except a newspaperman, could make his living in the country; to-day many are doing so; and the average writer of ability prefers taking his chance in the success here to migrating to foreign centers, where monetary rewards are greater.

Authors are a national asset. A country is known abroad, mainly through their labors. The Canadian author has been patient in adversity; has risen magnificently to whatever opportunity offered; he has brought credit to his land and deserves his full share of the good fortune that the immediate future holds for all.

### J.B.A.A. CREWS

To the Editor:—Now that the J.B.A.A. fours have again won honors for Victoria by their brilliant victory in the M.P.A.O. regatta would it not be worth wonderful advertising for the city and return due to the oarsmen to start a fund to send them to the Olympic games.

By starting a fund now I feel certain it would be raised by next year. What could be more fitting than crew of Victoria's oldest athletic organization.

## TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, July 29, 1902

The champion four of the J.B.A.A. have arrived from Nelson. A meeting of the association was held yesterday afternoon when it was decided to meet the steamer *Majestic* with the Fifth Regiment band and give the boys a reception worthy of them.

A large locomotive shed is in course of construction for the accommodation of engines of the Victoria Terminal Railway.

Work was continued on the new concrete sidewalk in front of the Parliament Buildings between Birdcage Walk and Menzies Street.

A party will be here to-morrow representing the American Company which recently acquired timber lands at Quatsino from a Victoria syndicate for the purpose of developing the pulp industry on the West Coast. They are on their way north to locate a site for the proposed mill.

J. D. Babcock, commissioner of fisheries, arrived in the city from Vancouver yesterday.

tion representing the city in competition with the pick of the world?

Many in Victoria who have been associated with the J.B.A.A. in the wonderful many successful years of operation I am sure, would rally to the support of the old club.

WM. H. DAVIES,  
641 Fort Street, Victoria, B.C., July 28, 1927.

## HONOR TO WHOM HONOR IS DUE

To the Editor:—It has been my privilege and pleasure from time to time to take visiting friends out to the beautiful gardens of R. P. Butchart, and the numerous expressions of appreciation and gratitude for the wonderful experience of enjoying this unique beauty spot through the unselfish kindness of Mr. and Mrs. Butchart that are voiced on such occasions lead me to stop and ask oneself if the citizens of Victoria are sufficiently grateful, and whether it is not possible to convey to these public spirited benefactors of our city, on behalf of the many thousands of people from all over the civilized world who have had the opportunity of visiting these gardens during the past years, some permanent token of our thanks and esteem.

Leaving out of consideration altogether the purely commercial and financial advantages accruing to the community through the generous throwing open of these gardens and the advertising of Victoria, which has been a result of visitors telling others of them, it seems to me that we owe Mr. and Mrs. Butchart a very real debt of gratitude for the encouragement of a love of nature's beauty in the public

## OGDEN'S CUT PLUG

Save the valuable "Poker Hands"

Maud reached for the telephone and demanded a number.

"Is that you, Edward?" she asked, as a man's voice answered the call.

"Speaking," he replied. "That you, again?"

Maud: "Yes. You remember I told you last night that on no account would you be permitted to enter our house again?"

"Shall I ever forget it?" replied Edward. "Well, we have decided to move, and I thought you might like to know our new address."

Orthophonic  
Victrola  
It changes its  
own Records!

# Performance

# is Gorgeous!

—and amazing—exclaimed Maria Jeritza when she heard the first record of her captivating voice on the Orthophonic Victrola.

Here is a remarkable tribute from a remarkable singer. It takes a great voice to secure a hearing upon the stage of the Metropolitan Opera House, and it takes a great musical instrument to give to you in your own homes that same voice in all its beauty—as does the new Orthophonic Victrola. Its music is a miracle!

This accomplishment, a new thing in music, is due to the Victor controlled principle of "Matched Impedance" or "smooth flow of sound"—the principle which made possible absolute realism in home music.

If the performance of the new Orthophonic Victrola is "truly gorgeous," as Mme Jeritza, famous operatic soprano says, its appearance is entirely in keeping with its performance. There are six beautiful models, of charming design, which may be obtained from all "His Master's Voice" Dealers from \$75 down to \$115. A model for every purse.

All models with electric motor to eliminate winding if you wish, at slight additional cost. Demonstrations are given daily. See any His Master's Voice dealer now and select your model.

## UNOUGHTLY BUT IS CONVERTED INTO A CHARMING GARDEN

McCall Bros. Transform Church Site Into Oasis of Beauty on Pandora Ave.

When the claxon call for production of foodstuffs sounded through the Empire during the war, Victoria rose nobly to the occasion by transforming many of the erstwhile vacant lots into allotments for the growing of vegetables. The need of food conservation as an emergency measure has passed, but an experiment made with a vacant lot at the corner of Pandora Avenue and Vancouver Street, resulting in its transformation into a garden of beauty, gives rise to the wish that the practice of lot cultivation might become more general.

The site purchased by the First Baptist Church for the erection of a place of worship at some future date adjoins the property of McCall Bros. Funeral Home on Johnson and Vancouver Streets. The McCall property, since its acquisition by the present owners a few years ago, has been made into a garden filled at all seasons of the year with blossoms of a fineness worthy of exhibition at any flower show.

On the other side of the fence was the church site. An old house had been torn down on this property, leaving the lot covered with the rubbish and which Nature had planted a tangled growth of weeds, the burdock alone reaching a height of four feet. The proximity of this unsightly corner, which the McCall Bros. of orderliness, while the weeds with their seeding propensities threatened encroachment on their own carefully-tended garden, and with commendable initiative and a fine community spirit they decided to extend their gardening operations to the adjoining lot.

So in April of this year, after obtaining the permission of the First Baptist Church authorities, the McCall brothers set to work to clean up the site. After removing the rubbish and the dense crop of weeds, they dug up the lot, planted a lawn and made a garden, doing the work themselves. The result of their labors is seen today in this beauty spot.

On one side of the lot there is a hedge of sweet peas in full bloom, while in the corner is a rocky which has been made over an unsightly stump and is now covered with gay nasturtiums and statice.

In the centre of a velvety lawn is a large round bed, filled with an hundred gladioli in bloom, based with mauve godetia. Other triangular beds are filled with magnificent stocks in varying shades, bordered with petunias, while a crescent-shaped bed in one corner is aglow with salpiglossis and edged with blue lobelia.

The whole corner makes a delightful little oasis of brilliant color and many passers-by stop to admire its floral beauty, and to pass admiring comments upon the initiative and enterprise displayed by Messrs. McCall, whose example in beautifying this hitherto unsightly lot is a piece of disinterested community service well worthy of emulation by other citizens.

## Keating Tournament Is Well Under Way

Mrs. J. Goodwin and G. Hafer beat Miss C. McNab and H. Lamont, 6-1, 6-1.  
Miss W. Travis and R. Mitchell had a bye.

## GOVERNMENT IRONS OUT LAND DISPUTE

Complications over the ownership of land in Vancouver Heights, Burnaby, are being smoothed out by orders-in-council which were passed by the Government this week to settle one of the most unsolved land disputes recorded here for some years.

In brief, the dispute arose over the ownership of land in a Burnaby subdivision. Purchasers in this area understood lots fronted on public lanes but it was discovered later that the land thought to form lanes was privately owned. At the request of the municipality the Government has gazetted the lands as highways. To determine what the municipality should pay to the owners of the land an arbitration has been arranged. Reeve Sergeant of North Vancouver, will represent the Government, under the Highway Act and Harry Bridgman, the land owners. It is expected they will select Hugh Fraser of Burnaby, as the third member of the arbitration board. Aiken Grey is solicitor for the owners and the Government will appoint counsel immediately.

The Government agreed to settle the

## TRUSTWORTHY

A WOMAN MUST trust her hands and clothes to soap of SOME kind. Yet Hands are precious. Clothes cost MONEY. Both are safe with SUNLIGHT. Millions of women know it is TRUSTWORTHY.

dispute under the Highway Act at the request of Burnaby and on the understanding that the municipality would pay all expenses involved.

## Alberta Coal Mine Appeal Dismissed

London, July 29 (Canadian Press Cable).—The appeal of the Luscar Collieries Limited of West Edmonton, Alta., from a finding of the Supreme Court of Canada in the case of the Luscar Collieries against McDonald and others and the Attorney-General of Canada, Hon. Ernest Lapointe, was dismissed by the Judicial Committee of the Privy Council here yesterday without costs.

The appeal was taken against the decision of the Supreme Court on the question of the jurisdiction of the Board of Railway Commissioners of Canada over provincial railways. The question of the validity of section six of the Railway Act of Canada was involved in the case.

Edmonton, July 29.—The Luscar case arose when the company, which owns and operates a branch line for the movement of its coal, refused to carry coal from competing mines. According to the Supreme Court of Canada, the line comes under the Board of Railway Commissioners. The province of Alberta contended the Railway Act was ultra vires and that a special act of Parliament would be required to bring a railway operating under a provincial charter within the jurisdiction of the board so it might declare it was running for the public advantage.

S. R. Woods, K.C., of Edmonton, argued the case for the collieries in London.

## HON. CHARLES STEWART RETURNS TO OTTAWA

Calgary, July 29.—Hon. Charles Stewart, Minister of the Interior, ended his visit to Alberta and the Canadian national parks of Alberta and British Columbia yesterday and with his party left in the afternoon for Ottawa.

She Says:

# "I AM THIN"

Her Friends say:

# "She is Skinny"

One Very Thin Woman Gained Ten Pounds in Twenty-two Days

If she only knew that she could put on at least five pounds of good, healthy flesh in thirty days she wouldn't be worrying about her peaked face, hollow chest and run-down looks.

All of these conditions rob you of attractiveness and make you look old. But worst of all, these may actually be the symptoms of simple anaemia—that dread ailment so often suffered by women.

There's nothing so good as the vitamins of cod liver extract put up in the new-fashioned, pleasant-to-take form known as McCoy's Cod Liver Extract Tablets to put on firm flesh, round out face and figure and build up rich, red blood. McCoy's contains the same kind of vitamins which doctors say you must have to attain proper weight, strength and energy.

One woman gained ten pounds in twenty-two days. 60 tablets 60 cents. Ask MacFarlane Drug Co., Vancouver Drug Co., Owl Drug Co., or any drug-gist for McCoy's Cod Liver Extract Tablets and if you don't gain at least five pounds in thirty days your money back.

Demand McCoy's, the original. (Adv.)

After months of careful nurturing, the fledgling moustache was just beginning to be noticeable on the lip of its proud young possessor, who walked manfully into the barber's shop and

demanding a shave. The hot towels were soothing and he half-dozed as the conscientious barber scraped off

roused himself and glanced into the mirror at his clean-shaven lip. "Where is my moustache?" he exclaimed. "I haven't seen it," replied the puzzled barber.

Why Husbands Leave Home Is Told by Miss Irene Inderrieden

In fifty per cent. of the cases where husbands leave home the wife is to blame. Another woman blames in forty-one per cent. of the cases. If more married people would be more willing to turn the other cheek instead of demanding an eye for an eye fewer husbands would leave home. In the opinion of Miss Irene Inderrieden, Miss Inderrieden is director of the Social Service Bureau, a branch of Chicago's Court of Domestic Relations. For twelve years she has been studying the subject on which she writes a special article for Saturday's magazine section of The Daily Times.

Why Husbands Leave Home Is Told by Miss Irene Inderrieden

Operation Fails to Halt Union of Seattle Girl and Lady-Smith Man

(Special to The Times)

Lady-Smith, July 29.—A serious operation which became necessary after the bride had been set for the wedding failed to delay the marriage in Seattle of Lawrence Leslie Johnson, son of Mr. and Mrs. L. Johnson, of this city, and Miss Helga Forsberg, daughter of Mr. and Mrs. Mildred Mathison, of Seattle, according to word received here.

A few days before the wedding day Miss Mathison was forced to go to the Martin Hospital to undergo an operation, but both bride and groom determined that there should be no postponement of the ceremony. Rev. A. Frynall was called in to conduct the service held in a ward of the hospital.

The mother of the bride and two of the bride's sisters carefully watched over her during the ceremony. The bridegroom's mother and his brother-in-law and sister, Mr. and Mrs. R. P. Davidson, of Lady-Smith, also went to Seattle to attend the sick-room marriage service.

Passed Examination. — Mandelline Rose, a pupil of Miss B. Waterhouse, has passed with honors the introductory grade in the recent examinations of the Toronto Conservatory of Music.

## SOCIAL PERSONAL WOMEN'S AFFAIRS CLUB NEWS

### GERTRUDE HUNTLY TO OPEN PROFESSIONAL SERIES FOR CLUB

Victoria Pianist One of Four Leading Artists Engaged by Ladies' Musical Club

Commencing with the appearance of Gertrude Huntly (Mrs. Green) in recital on Friday, September 23, the artists' series arranged by the Ladies' Musical Club for the coming season promises to be more than usually interesting.

This popular Victoria pianist needs no introduction to local concert-goers, but her many admirers will be interested to learn that after her recital in London, England, recently, Ernest Newman, one of the leading critics, said of her:

"Gertrude Huntly, Canadian pianist, who gave a first recital here Thursday, has an extraordinary technique—The Schumann Toccata could not have been carried through with more vitality to the end or a finer shading in spite of the tremendous speed."

The second of the group of four artists is Nina Morgana, a young and charming soprano, who sings leading coloratura roles at the Metropolitan Opera House. Miss Morgana studied with Teresa Arkel, and made her debut in "Alessandria," singing in "La Somnambula." She has fulfilled the prophecy of her good friend, Enrico Caruso, who told her when she was a young student, that "if she would study a few years she would rank with the very greatest of great sopranos."

Miss Morgana will be heard in Victoria on November 29.

Georges Enesco, the Roumanian violinist, has long been regarded in Europe as one of the few outstanding figures. Mr. Enesco is a composer, conductor and violinist, and is remarkably gifted in his three-fold activities. As a violin player his artistry is unquestioned, and he has made instantaneous and continuous successes. Mr. Enesco is coming to Victoria on January 20, 1928.

Of all the attractions that have come to the United States in recent times, no single one has made quite the impression created by the English singer, last season. The fact that the second recital was sold out three days before the date of the concert, and the third and fourth recitals two weeks before, are testimony to the popularity of the attraction.

A Washington, D.C., paper says in part: "The English singer, praise God, came over here to show us something about the art of ensemble vocalism. When a Washington audience gets upon its feet and applauds a performance it is something well worth while. At times they get effects like a string quartet, at other times like an organ, and they sing literally like one voice. The English singer, and the plan of the theatre will be somewhat higher than last year, as there will be four concerts instead of three, and the engagement of the English singer is the most ambitious work that has been undertaken by the club."

The Ladies' Musical Club will begin its forty-one season tickets the latter part of August, and the plan of the theatre will be somewhat higher than last year, as there will be four concerts instead of three, and the engagement of the English singer is the most ambitious work that has been undertaken by the club."

After a visit to Mount Rainier with her sister, Mrs. W. L. Drummond, Miss Phyllis Wigley returned to the city yesterday afternoon, and will stay with Miss M. A. Wigley, 929 Burdette Avenue.

Mr. and Mrs. Thomas Graham, of Quebec, accompanied by their daughter, Miss Muriel Graham, are visiting in Victoria as the guests of their nephew, Dr. Douglas Graham, Joan Crescent.

Baron and Baroness Charles de Geer of Brussels, Belgium, have arrived in the city and will spend the month of August as the guests of Mr. and Mrs. W. G. Crawford, 1546 Montreux Avenue, Oak Bay.

B.C. Lawn Tennis Championships Here Next Week Attracting Interest

Strong Entry of Californians,  
Together With Eastern  
Canadians

Nearly a hundred entries have been received to date for the B.C. lawn tennis championships starting here next week. This number will be considerably augmented by closing time Saturday.

From present indications the field will be the classiest seen in the past in many years. It will include practically all the headlines now in action in Vancouver, together with the sectional representatives from the North-western cities.

Jack Wright, Canada's first ranking player, will not be here, as he leaves Vancouver on Sunday for Toronto to represent the Dominion in the forthcoming Davis Cup tie against either Japan or Mexico. However, all or nearly all the provincial representatives will be in force, including Laframboise, Rennie, Nunn, and Wally Martin. The three last named are well-known to local galleries, having played in the last two provincial tournaments. Rennie won the title in 1925.

## AMERICANS STRONG

Leon de Turenne will defend his singles and doubles titles and will also head a classy list from Seattle. Wally Scott, last year's finalist, will be on hand as Tacoma's representative together with his fellow-citizen Stevens. The Californians, now in Vancouver, will in all probability finish their long traveling season here before leaving for home. They present a very formidable array in all events and should carry off the lion's share of the trophies. Bradshaw Harrison, intercollegiate star and winner of three north west titles on his present tour will be the chief threat in the men's events. He pairs with Sherman Lockwood in the doubles. Risco, the one-armed marvel, and the Hoops Brothers, Jimmy Ruescher and Stanley Alquist, are also expected to go a long way.

## GOOD LADY PLAYERS

The party also includes four feminine stars of considerable note. Edith Cross, Marion Williams, Carolyn Schwartz and Louise McFarland have already made names for themselves in western net circles and local followers are looking forward to some wonderful tennis when they clash with Marjorie Leeming and the other Canadian ladies.

The sectional representatives have not all been named yet as the draw for these events is not made until Monday morning. Tickets are now on sale at Feden's Sporting Goods Store and there is a large demand for them.

Tillicums to Meet  
Crescents To-night

Only one Commercial League baseball game is scheduled to-night with the Tillicums meeting the Crescents at the Royal Athletic Park. The game will start at 6:30 o'clock with Harold Fetherston as umpire.

On Wednesday the Tillicums suffered defeat at the hands of Spencers, and are anxious to redeem themselves to-night. The Crescents have been playing good ball in their recent games, and should give the clubmen a hard game.

## REMARKABLE SHOOTING

Winnipeg, July 29.—Dr. G. E. T. Moloney of Langruth, Sask., is causing a sensation by his remarkable shooting in the fifty-first annual prize meeting of the Manitoba Provincial Rifle Association being held here. Dr. Moloney has captured the Black Watch, Black Brier, the Nanton Memorial and Old Chum honors, and is well up in the running for the final honors.

In the first two honors he shot at 46 out of a possible 50, and in the Nanton and Old Chum competitions he scored 48 out of a possible 50 in each.

Later figures place Corp. K. Hopwood, Winnipeg, in the lead in the All-Comers match with 230 points. He is followed closely by Sgt. E. Shillingford, Fleming, Sask., with 229 points.

MADE IN CANADA

SOCCER STAR MAY  
DIE; HIT-AND-RUN  
DRIVER IS SOUGHT

Montreal, July 29.—Jack Green, one of the greatest football players in Canada, and captain of the Montreal Carle-Rite trophy team, lies at the point of death at the Western Hospital, while police of the city and suburbs are seeking the motorist who knocked him down late last night.

Green suffered a fractured skull and injuries to the lower part of the body and legs. Surgeons do not believe he will survive. His fame as a professional soccer player is international. Two years after a brilliant record with such prominent English teams as Nottingham, Blackpool, Blackburn Rovers, Luton Town and Lancaster, he came to Canada and signed with the Carle-Rite Club of Montreal. He played here several months, then went to a team in Providence, R.I., from which city he returned some time ago.

Green had intended to settle in Canada and next month his fiancée was expected to leave her home in England to join him in Montreal, where they were to be married shortly.

Amateur Net Stars  
To Compete In Open  
Tourney, Says Pyle

Formermost Pros In Europe  
as Well as Anderson of  
Australia to Come

New York, July 28.—Charles C. Pyle, versatile promoter, is negotiating for the use of the West Side Club's stadium at Forest Hills, famous amateur stronghold, for a world's professional tennis championship tournament late in September, it was announced yesterday.

Pyle also disclosed plans of some what nebulous character for an open tennis tournament, to which amateurs and "pros" alike would be invited. He said he would be handled by Vincent Richards, former Davis Cup star persuaded to join Pyle's traveling professional troupe, and Winton, who probably would be staged, Pyle said, at the Crescent Athletic Club, Brooklyn, where the Metropolitan amateur tournament now is being played.

## BRING STARS TOGETHER

Negotiations for the use of the West Side Stadium have progressed to such a stage that a committee of club members has been appointed to take up the matter with Pyle. The proposal is to conduct the event the third or fourth week of September, after the national amateur singles championship there. It is Pyle's idea to bring the foremost European professionals and James O. Anderson, Australian ace, and other stars to the event.

"If a sufficient number of amateurs enter the tournament, I do not see how the association can avoid sanctioning the event," Pyle said, yesterday.

## LAWN BOWLING

A. McKeechie and T. McCosh, both of this city, will travel to Duncan on Saturday to play in the Greater Victoria lawn bowling championships.

Local players have been playing well lately, being the two winning skips in the B.C. tournament at Vancouver last week.

The C.P.R. bowlers will meet the Burnside team at Burnside and it is expected that a good match will result. Both teams are very strong and will be hard to break into the scoring column.

## Softball

In the first game of the play-off series for the Colson Cup the Hillcrests and Onwaga, softball teams, will meet at Work Point to-night at 6:30 o'clock.

The Hillcrests won the first half of the schedule in the "A" section and the Onwaga won the second half.

Dr. Foynt will hurl for the Hillcrests, while Rhodes will work for the Onwaga.

Other games scheduled to-night are as follows:

Section D—Wilson Bros. vs. Spencers, at Central Park, lower diamond; U.C.T. vs. 10th Canadian Footbats, at Central Park, upper diamond; Andrews vs. Five C's, at Beacon Hill.

The game between the Hudson's Bay and the Navy, scheduled for the Canton Grounds, has been postponed.

Kirks Open New Court  
To-morrow Afternoon

St. Andrew's Kirk Athletic Club will open its new tennis court at the corner of Chester and McKenzie Streets to-morrow afternoon at 3:40 o'clock. Rev. W. L. Clay will perform the opening ceremonies, and a large number are expected to attend.

Turenne's Easy Win  
Over Gilbert Nunn  
Main Tennis Upset

Fans Previous Day

Marjorie Leeming Has Her  
First Hard Workout; Wright  
Wins His Match

Vancouver, July 29.—Jack Wright, Quebec net star, remains as the only Canadian to compete for the men's singles in the Canadian lawn tennis championships as a result of Thursday's play. He meets John Risco, the one-armed Californian, in the semifinal and the winner will meet either Bradshaw Harrison or Leon de Turenne, both Americans, in the final to-morrow.

The decisive defeat of Gilbert Nunn of Toronto by De Turenne, titleholder, proved a surprise, for the Davis Cup member was expected to give the champion a hard battle, especially in view of his brilliant tennis the previous day against Lockwood of California.

The feature of the day's play proved to be the battle between Wright and Risco, the latter playing magnificent tennis against the Canadian star, although winning only one set out of four. Wright was forced to display every stroke in his racket to keep the Americans in hand.

## WRIGHT BETTER GENERAL

Ruescher elected to play a hard-driving game and frequently rushed to the net for winning cross court shots. Wright proved the better court general, however, and time and again worked his opponent out of position for clear passes. Wright took the first two sets and then Ruescher came on to win the third, losing only one game.

De Turenne played an aggressive, hard-driving game and he was almost unbeatable with accurate placements. Nunn remained at the backline throughout and elected to try to pass his opponent, who just came at him and killed almost everything that the Canadian tried to send past.

## FRENCHMAN EASY

Harrison played through Laframboise to win as he liked. The French-Canadian was never closer to winning any of the three sets.

Geoff Peers' defeat at the hands of Risco could hardly be termed a surprise. The one-armed star meets De Turenne this afternoon in the lower bracket.

In the ladies' singles, Miss Marjorie Leeming, Victoria, titleholder, won a spirited contest from Miss McFarland. Although coming through in straight sets, the champion was forced to extend herself.

Carolyn Swartz advanced at the expense of Mona Miller, Victoria, and Miss Williams easily eliminated Miss Marjorie Leeming, a local girl.

Miss Rosalind Ellis, Vancouver, who is drawn against Miss Edith Cross, Californian star, was ill and the latter agreed to play the match to-day.

MIXED DOUBLES  
(Semi-Finals)

Miss McFarland and Ruescher, California, beat Edith Cross and Alquist, California, 7-5, 6-3.

Carolyn Swartz and Lockwood, California, beat Mrs. Ross and Dixon, Vancouver, 6-2, 6-3.

MEN'S SINGLES  
(Fifth Round)

Wright, Montreal, beat Ruescher, California, 6-4, 6-2.

Wright, Seattle, beat Nunn, Toronto, 6-4, 6-2.

Laframboise, Montreal, 6-2, 6-3-2.

Risco, California, beat G. H. Peers, Vancouver, 6-4, 1-6, 6-1.

LADIES' SINGLES  
(Fourth Round)

Marjorie Leeming, Victoria, beat Louise Miller, Victoria, 6-2, 6-0.

Carolyn Swartz, California, beat Mona Miller, Victoria, 6-2, 6-0.

Marion Williams, California, beat Marjorie Leeming, Victoria, 6-2, 6-0.

JUNIOR MEN'S SINGLES  
(Third Round)

Martin, Regina, beat Howell, Vancouver, 6-4, 1-6, 6-3.

VETERAN'S SINGLES  
(Final)

Garrett, Victoria, beat Rev. R. Hall, Nanaimo, 6-3, 6-4.

JUNIOR WOMEN'S SINGLES  
(Semi-Finals)

Marie McNab, Vancouver, beat Miss Griffiths, Tacoma, 6-1, 6-1.

Louise McFarland, California, beat Miss Swartz, Victoria, 6-2, 6-0.

LADIES' DOUBLES  
(Fourth Round)

Misses Cross and Swartz, California, beat Mrs. Graham and Mrs. Diamond, Vancouver, 6-4, 6-2.

Misses Williams and McFarland beat Misses Leeming and Campbell, 7-5, 8-6.

MEN'S DOUBLES  
(Fourth Round)

Harrison and Lockwood, California, beat McMaster and Dowell, Vancouver, 6-1, 6-4.

Moore and Hoegs, California, beat Lewis and Hesketh, Seattle, 7-5, 6-4, 6-2.

SWIMMING SIMPLIFIED  
Breast Stroke is Widely Used  
As Medium to Learn Swimming

By JAMES A. LEE  
Athletic Director, Cleveland (Ohio) Athletic Club

The breast stroke was, at one time, the universal medium for teaching swimming and is still widely used.

Take a prone position in the water, head raised just enough to bring the mouth out of the water. Place the arms in front, flat on the surface, hands touching, palms down. Turn hands at a slight angle, then press downward and outward, using the forearms for leverage, so that there will be a little bending at the elbows, as the drive gets better.

Aim to make the pull so that when the forearms approach the shoulder line they still have enough slant to retain leverage on the water in the following movement, which calls for an inward sweep to bring the hands together.

Then turn the hands upward, palm down, fingers pointed ahead, and thrust the arms forward to starting position. Bring the hands about ten to twelve inches below the surface when they start the down movement.

Make the first part of the drive with energy, slow up as the arms become extended and pause at the full reach before making another drive. The lower legs upward, allow the knees and feet to draw apart a trifle, but with leg in normal position—so that the knees will open less than the feet.

Then, together, turn feet slightly outward and backward swing, whipping the legs together. Relax the muscles right after the closing movement, but do not begin to bend the legs again until the arms have finished their backward sweep.

Do the leg movements slowly and always keep so relaxed that there will be no muscular tension.

Keen Finishes Seen  
In Canadian Henley  
Despite Great HeatIn Junior Eights Winning  
Crew in One Heat Had Lead  
Of But Eighteen Inches

St. Catharines, July 29.—The elimination heats at the forty-first annual Canadian Association of Amateur Regatta on the Canadian Henley course yesterday afternoon provided some excellent racing, keen contests and exceedingly close finishes, the like of which is only occasionally seen in the senior finals.

The closest finish of the day came in one of the heats in the junior eights between the University of Toronto crew and the new crew from Wyandotte, Mich. St. Catharines, which was a contender in the early part, was second slower than the first, and the crew from the University of Toronto won by a margin of but eighteen inches.

The other heat of the junior eights between Detroit, Argonauts of Toronto, and Ottawa, was just two-fifths of a second slower than the first. Argonauts, with Fiddes just out of a sick bed, rowing No. 7, took the lead from Detroit after the mile and crossed the finish line with a margin of but sixteen minutes forty-seven seconds.

The other heat of the junior eights between Detroit, Argonauts of Toronto, and Ottawa, was just two-fifths of a second slower than the first. Argonauts, with Fiddes just out of a sick bed, rowing No. 7, took the lead from Detroit after the mile and crossed the finish line with a margin of but sixteen minutes forty-seven seconds.

The other heat of the junior eights between Detroit, Argonauts of Toronto, and Ottawa, was just two-fifths of a second slower than the first. Norm Forbes Hurls  
Travelers to Win  
In Exciting Battle

Samplen Take Two-game  
Lead in Senior Ball League  
By 5-4 Victory Over Sons

Errors Costly to Natives;  
Largest Crowd of Season  
Attend

Allowing the Sons of Canada four scattered hits, Norm Forbes hurls the Travelers to a 5-4 victory last night in the best game seen this year in the senior amateur ball league. The Travelers by their win took a firmer grip on the league championship and now lead the Sons by a two-game margin.

Although the Travelers outthrew their rivals it was errors that cost the Natives the game. Bill Holman, centre fielder, dropped a fly ball at critical moments to allow runners to score, and let another fast drive go between his legs.

The biggest crowd to attend a league game this season was on hand, and rivalry between the fans was exceptionally keen. Both teams had plenty of supporters who pulled hard for their favorites.

## GOOD IN PINCHES

Forbes, who worked for the Travelers, pitched a fairly good game and, although wild at times, was safe in the pinches. Norm was credited with ten strikeouts while he walked four.

Ray Parfitt pitched a good game for the Sons, but his teammates were not behind him, no less than five errors being chalked up against them. Parfitt was touched up for nine hits, while he walked one.

## TRAVELERS TAKE LEAD

Bacon, the Sons' catcher, gave the Travelers a one-run lead in the second inning. Herb Cummings singled and advanced to third. The next two batters were retired in order. Salloway gained first on an error. Bacon attempted to catch Salloway stealing second, but threw wildly, and Cummings scored.

The Travelers boosted their lead by two runs in the third inning on two hits and two errors. Art Webster led off with a single over second. Roy Copas took one of Parfitt's slants in the first. Forbes hit Parfitt, who caught Webster at third. Colin Campbell walked on an error. Holman let the ball journey between his legs, Forbes racing home.

The Sons collected their first run in the fourth. Bill Holman picked out one of Forbes' first ones for a single, and advanced to third when no-one took McGinnis' throw to second base in an effort to catch the runner stealing. Holman scored on Murray Dunn's crash to Cummins, who robbed the batter of what looked like a sure hit by his one-handed scoop-up.

The Sons collected their first run in the fourth. Bill Holman picked out one of Forbes' first ones for a single, and advanced to third when no-one took McGinnis' throw to second base in an effort to catch the runner stealing. Holman scored on Murray Dunn's crash to Cummins, who robbed the batter of what looked like a sure hit by his one-handed scoop-up.

MIXED DOUBLES TO  
BE DROPPED FROM  
CANADIAN TENNIS

Vancouver, B.C., July 29.—Two important recommendations to the annual meeting of the Canadian Lawn Tennis Association were made at the semi-annual meeting of that body at the Vancouver Tennis Club's rooms last night. President J. G. Meldrum of Toronto presided.

Due

## Picnic Sandwiches that "Hit the Spot"

Just add a dash of Colman's Mustard, freshly mixed to the sandwich fillings, and you'll be well repaid by an appreciative "These sandwiches certainly are delicious!"

### Colman's Mustard

aids digestion

## Horse Racing

VANCOUVER, B.C.

### STARTING SATURDAY

JULY 30 TO AUGUST 6

## Brighthouse Park

Big fields, fast horses, clever riders, and one of the finest tracks in America. Racing at Brighthouse holds the finest traditions of Canadian turf history, including seven Canadian track records.

### VANCOUVER RACING ASSOCIATION

Admission, including Grandstand and Paddock, \$1.75

### Strathcona Estate Is Being Divided

Vancouver, July 29.—Disposing of gross estate of \$28,094,543, the will of the Right Honorable Margaret Charlotte, Baroness Strathcona and Mount Royal, who died August 18, 1926, domiciled in Scotland, has been filed in the Supreme Court here for re-seeing.

British Columbia assets include 2,400

shares of British Columbia Sugar Refinery Limited capital stock, valued at \$240,000.

Messrs. Wilson, Wheeler and Symes are solicitors for the estate. Various liabilities aggregate \$205,364.

The testatrix bequeathed legacies totaling \$887,867 and left the residuary estate equally among her four children, Hon. Mrs. Frances Margaret Palmer Kitson, Rt. Hon. Donald Sterling Palmer, Lord Strathcona and Mount Royal, Rt. Hon. Lady Conington and Hon. Arthur Jared Palmer Howard. They reside in London.

## Now Everyone Can Have the Tires He Wants

FOR a couple of years some car owners had to get along with short-mileage, troublesome tires. Now it's altogether different. Lower rubber prices, bigger sales, have brought Goodyear Tires down to where everyone can afford to buy them.

And, of course, it's admitted that Goodyears are far and away the best buy on the market, especially when they can be bought at a price as low as you were asked to pay for "cheap" tires.

For instance—

Pathfinder Cord	All-Weather Cord
30x3½ ... \$8.95	30x3½ ... \$12.60
Pathfinder Balloon	32x4 ... \$20.95
29x4.40 ... \$11.45	38x4½ ... \$29.65
Wingfoot Cord	All-Weather Balloon
30x3½ ... \$10.00	29x4.40 ... \$13.95
31x4 ... \$15.95	31x5.00 ... \$21.40
	33x6.00 ... \$29.80

### IN THE ROUGH—A Perfectly Logical Alibi

### ELEVEN CREWS PLAN ATLANTIC FLIGHTS

#### Preparations Made For Six West-bound and Five East-bound Voyages

New York, July 29.—Continuation of the present unfavorable weather for long-distance flying increases the possibility that during the next six weeks a score of aviators may all be flying over the Atlantic at the same time, more than half of them west-bound from Europe.

The only woman aviator who has announced her intention of attempting an Atlantic flight, Fraulein Thea Rasche, does not plan to embark on her adventure until next year.

**COURTNEY CREW READY**  
The flights which may conceivably all begin at the same time should the weather cause further delays are as follows:

Capt. Frank T. Courtney, British ace, only awaits favorable weather at Calshot, England, to attempt the perilous western passage, never yet accomplished, in a Dornier-Napier flying boat with two companions.

Maurice Drouhin, French flier, will be ready in ten days to pilot Charles Levine back along the course flown in the eastward direction in the plane Levine and Clarence Chamberlin used—the monoplane Columbia.

Leon Greco, another Frenchman, has completed preliminary tests to the Farman plane "Blue Bird," in which he hopes to beat Drouhin to New York. Three German planes are expected to attempt hops to America. Otto Koennicke and Count George Solmslaubek expect to fly a Casper bi-plane, and it was indicated yesterday that two Junker monoplanes would try the crossing together, piloted by Friedrich Loos and Johann Ristick.

**CANADA TO ENGLAND**  
In Canada, a London, Ontario, to London, England flight is being planned.

Phil Wood, brother of Gar Wood, speedboat racer, is planning a flight with Lieut. "Duke" Schiller from Windsor, Ontario, to Windsor, Canada, England.

It is also reported Capt. M. L. Janney is preparing for an Ottawa to London flight.

**U.S. TO EUROPE**  
Two planes are being completed for flights from the United States to Europe.

The planes to leave from here are Rene Fonck's "Sikorski," and the Fokker to be flown by Lloyd Bertaud and James D. Hill, air mail pilots. Fonck's plane probably will take a crew of four. Fonck's destination will be Paris and Bertaud's Rome.

### Brentwood

Mrs. Douglas Prescott, who has been visiting her parents, Mr. and Mrs. F. Lindsay, Brentwood, for the last six weeks, left Tuesday via Anacortes for her home in Lima, Oregon. She was accompanied by Miss Masters of Baker City, who has been her guest for several days.

Mr. and Mrs. Shaver and Mr. and Mrs. Moore of Calgary spent Sunday as the guests of E. Rochon, Mount Newton.

Mrs. Campbell, Mrs. L. Macrae and Miss L. Sylvester, who have been spending two weeks at Shawnigan, have returned to their cottage at the Brentwood Beach.

Mr. and Mrs. Gordon Stewart of Cadboro Bay, on their yacht Islay, are anchored in Brentwood Bay for a stay of several weeks.

Mr. G. Beveridge of Victoria and Mr. Finlay of Scotland, who is on a visit to Victoria, enjoyed a fishing trip at Brentwood on Tuesday.

Mrs. T. S. P. Buckle of Mount Newton is spending a week at Shawnigan Lake.

Mrs. Hughes who has been visiting Mrs. T. Rice, West Road, Saanich, has returned to her home in Victoria.

Mr. and Mrs. Murray and two daughters are spending the summer months in their cottage at Totem Beach, Brentwood.

B. Timmins and J. Sanders were the guests of Mr. and Mrs. W. O. Wallace, Brentwood, for a few days.

Earl Nelson of Vancouver is visiting at the home of F. Renouf, Brentwood.

Mrs. McFarlane and family of Victoria are spending several weeks at Brentwood Beach.

Miss Freda Durrance has returned to Brentwood from Chemainus where she was the guest of Mrs. Alfred Whan last week.

Mr. and Mrs. E. Marcus and children of Vancouver are the guests of Mrs. Lorne Thomson, West Road, Brentwood.

Mrs. Dyke and baby daughter and Miss May Hole, who have been visiting their parents, Mr. and Mrs. A. E. Hole, Clarke Avenue, have returned to their home in Marshfield, Oregon.

Mr. and Mrs. Miles and children of Victoria are spending a holiday at their cottage at Brentwood Beach.

Mr. and Mrs. Chalmers returned on Thursday to their home in Vancouver after a visit to Major and Mrs. McQueen, Brentwood.

### Battle to a Draw

Fort William, July 29.—Brantford Cockshutt, champions of Eastern Canada, and the Port William Legion, titleholders of the Thunder Bay District, battled to a two-all draw in the first of a two-game series here last night to decide the team to meet Western Canada representatives in the Dominion finals at Winnipeg next week.

It was a clean exhibition. The Cockshutt took the lead in a first half with a score of 2-1 in their favor at the whistle. The Legion fought back hard in the final to even the count.

The second game will be played on Saturday evening, total goals to count.

### Swimming Records Shattered When Young Girl Gets in Water

Massapequa, N.Y., July 29.—Two national titles and three world records fell before the powerful overhand strokes of Miss Martha Norelius, star of the Women's Swimming Association of New York yesterday in the opening events of the annual four-day National Senior Women's A.A.U. championships in the Baltimore outdoor pools.

Starting the meet with a clean cut victory in the 100-metre championship in which she smashed the American record, Miss Norelius rested through the fancy diving event and then concluded the day's programme with what A.A.U. officials termed the greatest mile ever negotiated by a woman swimmer.

Taking the lead at the start from Miss Ethel McGary, a clubmate and defending champion, Miss Norelius ploughed through the first half mile in 12:28 3-5, twenty-one seconds faster than her own record. She reached the 1,000-metre mark in 15:39 2-5, a like margin better than Miss McGary's world mark for that distance, and continued on to the finish in 25 minutes 13 2-5 seconds.

This time displaced the world record of 25:15, made last year by Miss

### SAANICH WOMAN QUICKLY HELPED THROUGH HUSKY

Finds Complete Relief From Indigestion and Nervousness; Gains in Health and Strength

The men and women of Victoria are amazed as case after case comes to light here demonstrating that Husky, the herb preparation, distributed by the McFarlane Drug Co., positively relieves stomach, liver, kidney and bowel ailments and the many common ills that are brought on by disorders of these vital organs. Many residents of this city and vicinity are so aston-

MISS MARY WINANS

ished and pleased over the wonderful results they are getting from the use of Husky that they feel it their duty to let others know about this medicine and for the first time in their lives are making public endorsements.

One of these cases is that of Miss Ethel Lucey, who resides at the corner of Quadra Street and Palmouth Road, Saanich, B.C. In the following statement she relates her experience with Husky: "My nervous system was in a bad condition. Little things worried and upset me, and I was suffering from loss of sleep. My food wouldn't digest, and I had become weak and run down. I have been using the Husky treatment lately for my trouble, and it is really wonderful the way it has helped me. Husky has completely relieved my nervous condition and promoted good digestion. My health has been benefited in every way, and I want to tell others that Husky is a splendid preparation."

**CALL AT MCFARLANE'S**  
Call at the McFarlane Drug Co., Husky headquarters, and let the Husky expert explain this medicine and how to obtain the best results from its use. If you are not enjoying the best of health, you owe it to yourself to investigate this medicine. (Advt.)

Edith Mayne, an English girl, and wiped out the American standard of 26:35 3-5, formerly held by Miss McGary.

In an exhibition swim, Walter Spence, of the Central Y.M.C.A., Brooklyn, clipped a second from his own breast stroke record for 440 meters, covering the distance in 6:15 4-5.

Heleen Meany, fancy diving champion, on the 10-foot board, easily retained her title against Rose Boczek, of Cleveland, and Catherine Brown of New York. Miss Meany scored 121.73 points.

Miss Boczek, 112.31, and Miss Brown 103.5.

### Vernon Athletes Busy

Vernon, B.C., July 29.—Vernon athletes were busy on Thursday, the lacrosse team playing at Armstrong, the Vernon Tennis Club playing Enderby, a return match, while Enderby ball team played in Vernon. Vernon won the ball game 5-4. Armstrong won the lacrosse, and Enderby the tennis.

Armstrong won the Okanagan Valley Lacrosse League, the 916 being fairly representative of the play. Armstrong won three, lost nothing, and tied one. Kelowna won one, lost two and tied one. Vernon won one and lost three. Enderby beat the Vernon Tennis Club six games to four.

**FIFTY-YEAR SENTENCE**  
Minneapolis, N.Y., July 29.—James F. Monahan, better known as "Boston

Billy" Williams, the gentleman burglar, was sentenced to fifty years in Sing Sing prison yesterday for participating in the \$60,000 jewel robbery at the Jesse L. Livermore home.

### TO VISIT CANADA

London, July 29.—Right Hon. Richard Best, Lord Justice of Appeal, Supreme Court of Northern Ireland, is aboard the liner Montclair, en route to Canada for an extended visit.

## Why are there so many charming women to-day?

NEVER before have there been so many charming women.

Wherever you go, you find them. Vivacious, happy, beautiful, delightfully dressed in the most exquisite taste.

Clear, pink-and-white complexion, luxurious, well-kept hair, gleaming teeth, trim athletic carriage—these are almost universal characteristics of Canadian women of to-day.

Why?

At first thought it may sound absurd, but one of the most powerful teachers has been advertising.

Advertising has helped to teach us all that the real basis of beauty is health and cleanliness. We are the greatest users of soap and water in the world.

Advertising has taught us how to care for our teeth, our hair, our feet, our hands and our complexions.

Advertising has taught us how to dress—how to choose colors and fabrics and becoming styles.

Advertising has taught us how to talk, how to entertain.

One reason why so many women are charming is because so many women are reading advertising.

From advertising they are learning the secrets of great beauty specialists. They are getting health information of inestimable value. They are learning the secrets of becoming dress from the famous designers of Paris and New York.

Advertising Is One of the Biggest Reasons Why  
So Many Women Are So Charming  
Read Advertising Regularly

## AT THE THEATRES

GIRL TRANSPORTED  
WITH RAPIDITY IN  
VARIETY PICTURE

Isabel-Fitz-Peter sat on a park bench, wishing she were in the trenches in France, where her lover, Lieut. Dennis Allen, was fighting for humanity. At the same time Alf, a lowly soldier in Lieut. Allen's company, was commanding "the slave of the button" to bring him the prettiest girl in London.

That is how Isabel suddenly found her wish realized, and was discovered by Lieut. Allen in Alf's dugout. But while they were talking happily, Bobel suddenly vanished from his view and found herself again on the bench. Alf had become frightened and had ordered her taken back.

This extraordinarily funny situation is one of the many film, "Alf's Button," an Associated Film National

## Where To Go To-night

Columbia—"Flaming Waters."  
Capitol—"Framed."  
Dominion—"Tillie the Toiler."  
Variety—"Alf's Button."  
Coliseum—Vaudeville.  
Playhouse—"Hard Boiled Herman."  
Crystal Garden—Swimming and dancing.

attraction which is the feature at the Variety Theatre this week.

DIRECTOR LOST HIS  
CROWD OF EXTRAS IN  
"ROLLED STOCKINGS"

Directors have been known to lose their tempers, sleep and other things, but so far as is known, Director Richard Rosson is the first to lose 200 extras in the short time it takes to walk ten feet.

It happened at the Glendale station of the Southern Pacific Railway.

Pictorially speaking, a crowd of colleagues were welcoming fellow-students who were returning for the Fall semester. A special train had been hired to pull into the station with its load of players while the cameras recorded the ensuing excitement.

It pulled in for a rehearsal. Then it came in again while the scene was filmed. Some of the details didn't please Rosson and he turned to his cameraman to suggest a new angle. While doing this the telegraph operator handed a yellow slip of paper to the conductor, the latter signalled his engineer, and the train hurriedly departed for a siding a mile down the track to make room for the passage of one of the regular trains.

When the regular train arrived it deposited an assortment of passengers in no way resembling the previous array of colleagues. The director fumed and Paramount's "youth" picture "Rolled Stockings" which reached the Coliseum this week, waited while players and spectators were slowly separated.

Marion Davies and Bert Roach in "Tillie the Toiler" at Dominion.

NATALIE KINGSTON  
COVERED WITH MUD  
DURING "FRAMED"

Miss Natalie Kingston, who was selected to play the leading feminine role opposite Milton Sills in "Framed," current attraction at the Capitol Theatre this week, had all the mud she desired for life during the filming of the picture. For three days she floundered in sticky, viscous mud to her waist and endured a mud-battered face while scenes were taken depicting the perils of a mine "mud rush."

In addition to Miss Kingston, the star's supporting cast includes such distinguished players as Charles Gerard, Edward Bell, John Miljan and Bert McIntosh.

On the stage at the Capitol this week there are three very entertaining acts of vaudeville, including Wally Pullman, from the Strand Theatre Merrymakers in Vancouver, who, with his banjo, will feature several popular numbers. The Holland duo will offer a novelty musical and singing presentation, and Personality and Pius, eccentric dancers de luxe, in "What Will They Do Next?" The concert orchestra under the leadership of Al Prescott will render another tuneful musical programme for the picture attractions.

IRENE RICH STARS  
IN FILM SHOWING  
AT THE PLAYHOUSE

Harold Goodwin, the likable "wise guy" son, in "The Honeycomb Express," the Karner film which is at the Playhouse Theatre this week, has become so proficient a banjoist, as to attract favourable comment about the studios. He was in the enthusiastic throes of learning during the filming of the picture and his continual plink-plinking at times drowned the studio orchestra. Finally the musicians asked Harold to play with, and not at them, and the result was an excellent violin-organ-banjo trio.

MATT MOORE NOT  
PICKED FOR CHARM  
OR MANLY BEAUTY

Usually when an actor is chosen for a male lead of romantic comedy after a thorough canvass of the entire film colony, it is for his manly beauty, or Odor-like charm. But in the choosing of Matt Moore for the role of Mac, opposite Marion Davies in her latest Cosmopolitan production, "Tillie the Toiler," now playing at the Dominion Theatre, there is a different tale to tell.

Matt was picked because he had a sort of general resemblance to Mac, the whimsical office drudge in Russ Westover's daily comic strips, upon which A. P. Younger based the Miss Davies' screen play. Of course, Matt's ability to act was also given due consideration.

FLARING SEA OF  
OIL FEATURE OF  
COLUMBIA FILM

Illuminated by the roaring conflagration of a sea of oil on fire, and building up to one of the most sensational climaxes ever registered on stage or screen, "Flaming Waters," the Associated Arts latest contribution to F.O.'s Gold Bond Special productions is at the Columbia Theatre this week.

"Flaming Waters" was directed by P. Harmon Wright, who turned out "Drusilla With a Million" and while the present melodrama is of a vastly different character than "Drusilla," it bids fair from the early reports of it to rival its predecessor in popularity. A huge, moving drama of the oil fields, mother-and-son theme are its outstanding story characteristics. Most unusual and spectacular thrills, such as the rescue by the hero of his mother and sweetheart when they are trapped on the roof of a house amid a flaring sea of burning oil, are worked out with fine skill by Director Wright, who has also made the most of a sterling cast of players, including such artists as Malcolm McGregor, Pauline Garon, Mary Carr, John Miljan, Johnny Cough and Myrtle Kelo.

## DEER CAUSE LOSSES

Port Arthur, July 29.—Driven from their natural haunts by some unaccountable cause, deer and moose have been running wild through the Kamistiquia area of Northern Ontario. Farmers complain the animals are raiding their gardens and destroying vegetables.

# Pilchard Plants Ship 40,000 Gallons Oil

## FIRST ORDER FROM BARKLEY SOUND GOES TO CHICAGO

Four West Coast Fishing Firms Contribute to Shipment Reaching Vancouver To-day for Freighter Leaving for United States Ports

A shipment of 40,000 gallons of fish oil, reduced at the fish plants on the West Coast of Vancouver Island, is due at Vancouver to-day aboard the Frank Waterhouse and Company freighter. This is the first oil shipment brought down from the Coast this year and will be loaded into five tank cars for transshipment to Chicago. Four Barkley Sound plants supplied the oil for the shipment.

According to a statement issued by Capt. J. W. Troup, manager of the B.C. Coast Steamship Company, the recently purchased C.P.R. freighter Nootka, formerly the Empress of Port McNicoll, will make its first run in the pilchard oil-carrying service within a few days. Capt. Troup returned from the Coast last night aboard the S. S. Princess Mary, accompanied by C. E. Stockill, assistant to the vice-president of the C.P.R. western lines. Capt. Troup has been making an industrial study of the Coast preparatory to putting the Nootka in service.

Mr. Stockill stated to newspapermen the development on the West Coast surprised him. He had heard much of the progress there during the last two years, but the making of the trip by the Mary was really a revelation to him.

## ADJOURNMENT IN CANADIAN NORTHERN BONDHOLDERS' CASE

London, July 29 (Canadian Press)—Negotiations which have been proceeding here daily for the past three weeks between George Gaston, representing the Canadian National Railway, and Sir Gilbert Garnsey, chairman of the committee of the Canadian Northern five per cent income bondholders, and Alfred Barry, secretary of the committee, with a view to arriving at a settlement of the bondholders' long-standing grievances, have been adjourned until September. The adjournment is due to the principals in the negotiations leaving town for the holidays.

## British Urged To Appreciate Architects More

London, July 29 (Canadian Press)—A call for greater appreciation of architecture and the value of old buildings was made by Lord Sumner in his presidential talk at the conference dinner of the Royal Institute of British Architects, Architecture, he declared, was one of the greatest influences on everyday life.

"We build museums, libraries and art galleries and organize societies and guilds for the cultivation of everything connected with the arts, yet neglect those things which are of equally great importance—the streets and countryside," he said. "No building syndicate or private individual has a right to destroy beauty which belongs to the whole of the people of this country."

Lord Sumner declared himself convinced that in years to come the country would regret the lack of vision and foresight in not safeguarding what were really national assets.

## JEFFERSON BRINGS HONOLULU FLYERS TO SAN FRANCISCO

San Francisco, July 29.—Ernest L. Smith and Emory B. Bronte, the first civilian aviators to make a sustained flight from the North American continent to Hawaii, returned home from the islands yesterday aboard the liner President Jefferson. Their arrival was the occasion for a spirited demonstration along the waterfront.

## Ruth Alexander Here Last Night; Dorothy Sails

With eighty-six passengers from California for this port, the Pacific Coast Steamship Company's vessel, Ruth Alexander, Capt. Fred Nyström, arrived here at midnight last night. In addition to passengers' baggage, the vessel discharged seventy tons of general freight from the South, including a large shipment of citrus fruits.

St. Dorothy Alexander, operated by the same company to Alaska, will sail from here this evening at 7 o'clock. She will arrive from Seattle about 3:30 o'clock to take on passengers.

F. Alexander, San Pedro; Indian, Vancouver; Admiral Peoples, Portland; Humboldt, San Pedro; Admiral Perry, Vancouver.

## RAILWAY READY FOR WHEAT CROP

Canadian National Moving Box Cars Into Wheat Lands For Last Six Weeks

Winnipeg, July 29.—When Western Canada is ready to ship its 1927 grain crop the Canadian National Railway will be ready to carry it. Wheat is well headed out, rye is ripening and it is only a matter of weeks before the threshers will be busy. The railway will not be taken under any circumstances.

For the past six weeks the Canadian National has been moving box cars into the grain country, and still they come. No less than 35,000 have been scattered all over Southern Manitoba, Southern and Northern Saskatchewan and Alberta, and they are being sent out at the rate of 100 a day. Before the movement ceases, there will be at least 40,000 cars waiting ready to carry away the harvest. At this time, estimates of the 1927 crop must be too conjectural for usefulness, but Canadian National Railway officials state that if 40,000 cars are not sufficient for the grain, it will be taken off the line through which their lines pass, more will be provided. Every car is inspected and carded at Winnipeg before going to its destination. Engines and cabooses will also be available in the necessary numbers, its announced.

In the meantime, last year's grain is still being moved out at the rate of 100 cars a day. This is chiefly grain marketed by the farmers as the elevators are practically depleted. The new grain year commences Monday, August 1.

Preparing for the handling of the crop in Western Canada is one of the greatest tasks the railway has to face in its manifold activities and the placing of cars at points where they are most needed calls, not only for a knowledge of Canadians, but for the equipment, and for the ability to dispose of it to the best advantage. The Canadian National is ready for the harvest. While it does not give, as can be seen, an accurate forecast of the crop, it is interesting to note that 40,000 cars with an average capacity of 1,350 bushels of grain represent 54,000,000 bushels.

## Education Parley Delegates Are to Come on Metagana

Montreal, July 29.—Headed by F. W. Goldstone, general secretary of the National Union of Teachers, 120 English delegates to the second biennial conference of World Federation of Education Associations, meeting in Toronto, August 7-12, will disembark from the Metagana next Sunday.

## Windsor-Detroit Tunnel Construction Will Commence Soon

Windsor, Ont., July 29.—The construction work on the Windsor-Detroit vehicular tunnel will begin before the end of September and it is expected that the tube will be open for traffic July 1, 1929.

## Shrine Head Now Going to Winnipeg

Vancouver, July 29.—Accompanied by H. M. Caldwell, former Mayor of Seattle and member of the Imperial Divine and Past Potentate A. A. O. Rhann of Minneapolis, the Royal Imperial Potentate of the Order of the Mystical Shrine, C. M. Dunbar left this morning over the Canadian Pacific Railway en route to Winnipeg. Mr. Dunbar traveled in the special car "British Columbia," which was attached to train No. 4. During his visit to Vancouver, Mr. Dunbar stated that just as soon as funds permitted the order would establish one of its orthodox hospitals in Vancouver.

A NEW VIKING—With bright red and white striped sail fluttering in the breeze, the Leif Erickson, a forty-two-foot Viking boat from Norway is shown as she arrived at Duluth, Minn., after a 10,000-mile journey from Norway. Captain Gerhart Folger started his journey in the Spring of 1926.

## Charles G. Dawes And Party Escape In Train Wreck

Memphis, Tenn., July 29.—One man was killed and two others seriously injured yesterday when the locomotive of a special train bearing Vice-president Charles G. Dawes and his party plunged through a trestle on the Yazoo and Mississippi Valley Railway near Head, Miss.

The Vice-president was asleep in his berth and was not awakened by the accident. Same Jones, of Memphis, engineer of the train, was killed, his fireman, J. P. Horton, also of Memphis, was seriously injured, as was also Henry Fletcher of Greenville, traveling engineer of the Yazoo and Mississippi Valley Railway.

The trestle which gave way spanned a ditch which carried about 18 feet of water. The wooden structure of the trestle was the impact of the heavily loaded train. The engine was completely submerged.

Seattle, July 29.—Shifting of all its equipment on the Coast to New York was announced yesterday by the Washington Tug and Barge Company, through Capt. Herbert Haines, assistant manager. The firm has been operating on the Florida Coast, with Miami as headquarters. Capt. Haines declared there was not a port on the Atlantic coast which can compare with Seattle's facilities for handling deep sea commerce.

Port officials' preliminary estimates yesterday fix the movement of wheat through private and public terminals up to May 31, 1928, at 10,000,000 bushels. Last year's total was 7,330,918 bushels, valued at \$10,218,000.

## TRANSPACIFIC MAILS

## FLOOD-LIGHTS WILL ILLUMINATE HARBOR

Brightly Lighted Towers to Greet Princes and Baldwin at Montreal

Montreal, July 29.—Flood-lighting effects of a distinctly picturesque nature will transform the harbor of Montreal into a city of towers and pinnacles for the visit of Their Royal Highnesses, the Prince of Wales and Prince George, and the Rt. Hon. Stanley Baldwin. The general appearance of the port will be greatly changed for the distinguished visitors arriving at 10 o'clock Sunday night.

From elevator No. 3, whose lofty pile will be illuminated by five one-thousand watt flood lights, to the Prince of Wales wharf at the foot of McGill Street, where the party will disembark, there will be an almost continuous line-up of brightly lighted towers, fluttering flags and banners signifying the location of piers bearing the names of the princes and parents, King Edward and Queen Alexandra. In all, there will be twenty-eight flood lights used.

## New Brunswick to Fight Rail Appeal

St. John, N.B., July 29.—Premier J. B. B. Baker of New Brunswick, declares the province will fight to the end the appeal of the Canadian National Railways to the Supreme Court of Canada from the decision of the Railway Board that the gateways of St. John and St. John should be kept open.

The railway is appealing on the grounds that the Railway Board has no jurisdiction over this matter and the preliminary hearing of the appeal will come up at Ottawa on August 3, according to a message received by Premier Baker yesterday.

## ONE KILLED IN CANNERY BATTLE

Seward, Alaska, July 29.—Advice received here last night said that one man was killed in a battle among cannery employees of the Alutik Packing Company. The Alutik Packing Company's cannery was being held by a deputy marshal and U.S. commissioner were hurrying to the scene on a coast guard cutter.

## TRAIN DERAILED

Pittsburgh, Pa., July 29 (A.P.)—The engine and two cars of Baltimore and Ohio train No. 6, the Capitol Limited, were derailed near Allison Park, Allegheny county, yesterday. The supposed engineer was being held while a deputy marshal and U.S. commissioner were hurrying to the scene on a coast guard cutter.

Leave Brentwood daily at 9:30 a.m., 11:15 a.m., 1:30 p.m., 2:15 p.m., 3:00 p.m. and 7:00 p.m.

## NEW TRAIN BREAKS RECORD FOR SPEED

Oil-electric Type of Car Shows Speed in Toronto-Montreal Trip

Winnipeg, Man., July 29.—It was an oil electric car of the same type as the two just going into service on the Canadian National lines between Saskatoon and Edmonton which broke all records in the history of Canadian railroading between Montreal and Toronto Wednesday. In breaking the record for speed, the new car covered the distance between Montreal and Chicago in two hours and twenty minutes less than it takes the International Limited, the crack Canadian National train running daily between Montreal and Chicago. The actual running time of the new car was five hours and thirty minutes, allowing for delays and slow orders over certain sections of the track, the trip was made in five hours and forty minutes. After this splendid inaugural run, the car will go into service between Hamilton, London and Toronto and Stratford. This newest type of oil electric car is the latest achievement in car construction and is in many respects a radical departure from previous types. The car is designed to judge its own speed and to maintain the speed of the two between Saskatoon and Edmonton.

## INDIAN WITH RIFLE RAN AMOK AS RESULT OF BOOTLEG LIQUOR

Prince Rupert, B.C., July 29.—Thomas White, an Indian, ran amok in the fishing village of North Pacific with a rifle yesterday afternoon, according to reports received here, and after firing at several cannery officials who escaped his bullets he established himself at the end of a dock whence he fired at random, at any objects within range.

Last evening, it was reported, the Indian started off in the direction of the Cannery and a squad of Provincial police left for the district in the hope of capturing him before he was responsible for any loss of life. Bootleg liquor was given as the probable cause of the escape in the information available.

## TIDE TABLE

Day	Time of High Tide	Time of Low Tide
1	1:40	7:20
2	1:48	7:12
3	1:56	7:04
4	2:04	6:56
5	2:12	6:48

**TO-MORROW'S HOROSCOPE**  
"The Stars Incline, But Do Not Compel"  
(Copyright)

**SATURDAY, JULY 30**  
Astrologers read this as rather an unfavorable day in planetary government, except early in the morning the aspects are threatening.

This is an auspicious rule under which to pay debts and settle accounts, but most unlucky for borrowing.

Newspapers are to benefit, owing to sensational rumors and startling reports.

Advertising continues under a direction of the stars that makes it most important, but personal publicity will be much overdone.

Danger from enemy propaganda will increase rather than diminish as the year advances and warning is given against "parlor anarchists."

While this rule prevails deception is supposed to be easy and the truth more difficult to maintain than is usually the case.

The stars prophesy many new schemes for obtaining money and they foretell a world-wide swindle of some sort which involves governments.

Labor is subject to sinister influences from the stars which may impel workers to make serious mistakes.

Again earthquakes are foretold and loss of property indicated in the prognostications of those who read the stars.

Forest fires will cause heavy loss.

**A SNAP**  
**A BARGAIN**  
**A SACRIFICE**

**FAIRFIELD**—High location, close to beach and park. We consider this home a real bargain and have no hesitation in recommending prospective purchasers to make a thorough inspection. The home is a 1½-story bungalow of six well-planned rooms, strictly modern and in excellent condition throughout. Nice high lot. Price reduced to \$13,500 if sold immediately. Terms to arrange.

**F. R. BROWN & SONS LIMITED**  
1112 Broad Street Phone 1076

**OPEN FOR OFFER**  
**CARPENTERS**, builders and others, take notice. We want your bids on this property. House of 18 rooms, in splendid order, with large lot with many trees and shrubs, also double garage, on good street near the Parliament Buildings. Could easily be converted into two apartments. Here is an opportunity to get hold of a good property at your own price.

**LEE, PARSONS & CO. LIMITED**  
1223 Broad Street

This month, it is forecast, and one of incendiary origin may do great damage. Women are to be subject to a sway making for concern regarding mental rather than physical adornment.

Colleges and universities are to face a new girl problem, for there will be a majority of young women registering, astrologers predict and they read this as the preparation for future big world's work.

Persons whose birthdate is the 11th of the month are to have the augury of unusual experiences in the coming year.

Children born on this day are likely to be strongly conservative and extremely executive. They generally succeed.

## A Bleaching Lotion

By MME. ANNE GERARDE  
Nothing detracts from Summer beauty more than a red or too deep brown tan.  
To bleach the face use the following lotion, applied with cotton, every night and left to dry on the face:  
Two ounces of lemon juice.  
Two ounces of spirits of camphor.

One ounce of glycerine.  
Two ounces of peroxide.  
An ounce of prevention is really worth a pound of cure in the matter of tan. Therefore, I suggest that in conjunction with the bleaching lotion, you use one of the artificial sun-burn creams which are on the market before you go out for tennis, golf or other outdoor sport. These prevent the sun's rays from penetrating. Buy one with a quinine base.

## A delicious Summer recipe

Here is a new and very economical dish to serve for lunch or supper. Fill a pie-dish or mould with pieces of cold cooked meat. Add two hard-boiled eggs sliced, and, if liked, some sliced red peppers and a little parsley. Dissolve about a dessertspoonful of powdered gelatine in hot Bovril and pour over. When set, turn out on crisp hearts of lettuce, and serve.

## ZONING BOARD GIVES RULING

Permission Granted St. Saviour's Church to Extend Edifice

Garage Near Street Line Ordered Moved to Proper Distance

W. T. Strath was appointed chairman of the Board of Appeal created under the provisions of the Town Planning Act at its initial session yesterday to hear two appeals. Alderman A. C. Holmes and David Leeming are the other members of the board.

The board gave judgment after hearing the appeals; one in respect to an extension of building required by St. Saviour's Church, Victoria West, and the other in the disputed site of a private garage. The church appeal was allowed, and the garage permit refused. The finding of the board in either case is set out as follows:

"The appeal of W. R. Carver re St. Saviour's Church:  
This appeal is for a permit to extend the existing building to the rear of the church property. The original boundary of the church property was several feet from the church building, but a survey of the district has brought the boundary within eighteen inches of the building. The extension of the building will not, in our opinion, affect adjoining properties, and the appeal is allowed."

This judgment was signed by the members of the board of arbitration. Alderman Holmes, in commenting on the zoning by-law, pointed out that while it might work hardship occasionally on one person, it benefited the public at large. One house or garage built close up to the street line could spoil adjoining property and probably an entire street.

Re appeal of H. E. Munday re garage at 430 Quebec Street:  
In this case the owner built a garage subsequent to the passing of the zoning by-law, No. 2386, which offends against the provisions of the by-law in that it is only four feet from the street line and one foot from the west boundary line. The adjoining lot to the west is owned by the City of Victoria, and we have had the opinion expressed by the city land commissioner, Major M. Kirkpatrick-Crockett, that this garage in its present location depreciates the value and will affect the sale of the adjoining lot. We have had an opportunity of viewing the premises and are of the opinion that there are no local reasons why the garage should not have been built so as to comply with the provisions of the by-law. The average distance from the street line of every building in this block is twenty-two feet, and the dwelling house, to which this garage is accessory, is fifteen feet from the street line, and as a consequence the garage in its present location is detrimental to the properties in the vicinity. It is the opinion of this board that the appeal should be dismissed and the provisions of the by-law complied with.

## WIDE VARIETY OF CLASSES FOR FAIR

School Children and Ladies Over Seventy-five Asked to Compete

Prize lists issued for the Provincial exhibition to be held at the Willows, August 22 to August 27, show that as usual the fair will have a wide appeal, embracing a great variety of competitions and including scores of different exhibits.

School children are induced to compete by the offers of prizes or diplomas for penmanship, brushwork, drawing, manual training, needlework and domestic science.

Indian canoes, totem poles, carvings,

snowshoes, baskets, bangles, bracelets, spoons, earrings and finger prints will be on display in the Indian Industrial Department. Prizes are also offered the Indians for agricultural products. Skill at cooking, needlework, fancy work, jamming, and every branch of domestic science will be tested in the Women's Department classes. There are also prizes offered for furs of domestic animals and for the skins of wild animals native to British Columbia. There are special classes in needlework and fancywork for ladies over sixty years of age and ladies over seventy-five years of age. Photographers, beavers, rabbit breeders, poultrymen and goat breeders will compete for honors in addition to the usual agricultural floral and stock classes.

## ISLAND SOCIETIES COMBINE FORCES

Rev. H. B. Allen Heads Vancouver Island Horticultural Association

Provincial Authorities Co-operate in Judging Garden Contests

As an outcome of the successful Spring Flower Show held under the auspices of Vancouver Island Horticultural Societies, and which was opened at the Willows in April by Viscount Willingdon, the Vancouver Island Horticultural Association has been formed to perpetuate the event and to stimulate interest in horticulture generally.

Rev. H. B. Allen is president of the new association, which will seek after the interests of the horticultural society with the Royal Horticultural Society. Dr. David Warnock, Deputy Minister of Agriculture, who attended the initial meeting of the new group, promised the interest of his department in arranging for the judging of garden exhibits at various island points in a series of contests arranged by the association.

The choice of officers and details incidental to organization is now proceeding. P. R. Leighton, Victoria, is acting in securing a start on the joint island group, is acting as secretary pro tem.

## OAK BAY BEHIND WITH WATER BILLS

Nineteen Residents Owe For Over Six Months; Council Issues Warning

Water bills in Oak Bay have been allowed to run to figures which are much too high, the Oak Bay Council decided after hearing the treasurer's report regarding collections last night.

Reeve Herbert Anson declared the council had been lax in letting the bills run so long. He recommended that where residents were unable to pay they should be given a hearing before the council.

The council decided that any residents of Oak Bay delinquent in paying their tax bills in future shall be given sixty days notice before their supply is cut off. Those who are at present in arrears will be given fourteen days in which to settle their accounts.

The treasurer's report, showing the state of collections in the water department read as follows:  
"At June 30, omitting the charges for the month, \$429.50 was outstanding. Of this amount \$492.50 was for accounts three months and more in arrears. Our by-law renders consumers liable to disconnection when accounts are one month in arrears. The \$492.50 is owed by forty-three consumers, and nineteen are in arrears for six months and over. On the worst account nothing has been paid for twenty months and in other cases there is an old debt against premises, but water continues to be supplied

## MAGIC BAKING POWDER

TORONTO, CAN.

and current bills are being met; this is contrary to the by-law."

The council considered and signed last night the fire protection agreement with the city. For the sum of \$8,000 the municipality would get protection from the Duchess Street station. A new clause in the agreement provided for the sending of extra equipment by the city in the event of a fire proving too much for that apparatus. Councillor T. J. Goodlake wondered would this be the case in the event of a number of fires occurring at the same time.

Twenty-six lots on Deal Street are infested with European earwigs and there are thirty-four serious outbreaks in other parts of the municipality, the council was informed by W. Downs, assistant - government entomologist. Steps will be taken to clear this property of the pest at once, the council decided. Under the Noxious Insects By-law the municipality has power to remove the insects and charge property owners for the service.

Percentage of collections for the Provincial Royal Jubilee Hospital was much greater in Oak Bay than in other municipalities, according to the report given the council for consideration. Services rendered to Oak Bay residents during the last six months amounted to \$5,047.26, of which \$4,980.21 is paid. Of the balance there are good prospects for collection of \$1,333.45. \$1,377 is reported doubtful and \$1,356.60 is uncollectable.

In response to a request from the land agent from the Hudson's Bay Company, the council will not take action to zone the Uplands farm until the land is developed.

## Langford

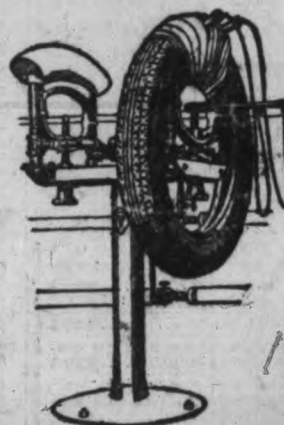

Langford, July 29.—A well-attended meeting of men interested in the Canadian Legion was held at the home of George Cooney, Goldstream Road, Monday night. The local district branch name was decided upon, "Prince Edward" being chosen. The meeting ratified the provisional officers elected at the last meeting, namely: Comrade Alex. J. Mackie, president, and Frank Smedley, secretary-treasurer, while E. Shields was elected first vice-president, and Ernest Harper the second vice-president. A building committee was elected to obtain specifications, plans, etc., for the Legion's Hall to be built in the near future. The members decided to leave the appointment of further committees until more representatives from the neighboring districts could be present. Meetings will be held on the first Monday of the month, the next being on August 8 in the Colwood Hall, to which all men over twenty-one interested are requested to be present. The ladies' auxiliary, Mrs. George Cooney and Mrs. A. J. Mackie, served refreshments at the conclusion of the interesting meeting.

THE ANDREW JERGENS COMPANY LTD.  
PERTH, ONTARIO, CANADA—MAKERS

The largest selling 25c soap in the world.

Mr. and Mrs. Malcolm from the prairies have purchased "Westvale," Goldstream Road, Langford Lake, and will reside there.

Mrs. George Savory and son, John, accompanied by two little friends from Victoria, spent a few days at their summer camp on the Station Road this week.

Arthur Kay of Crofton motored down to Victoria on Wednesday, accompanied by Miss Stella and Master Claude Hinkes of Langford, who have been visiting at Crofton.

The service on Sunday will be held in St. Matthew's Church, Goldstream Road, at 7 p.m. The proposed open air service to be held at Langford Lake has been cancelled.

The Wilfred Lumber Company's ball team won by one run over their opponents Thursday, when playing the Langford team on the Goldstream Road grounds. The game was exciting from beginning to finish for the many spectators. A wonderful catch was made for the Langford team by William

Watt. The finish of the game showed, Wilfred Lumber Co. 16 runs, Langford 15 runs.

The third meeting of the war memorial committee was held in St. Matthew's Church on Wednesday evening. The vicar, the Rev. H. B. Allen, reported several interviews with the church architect and builders, re the memorial pulpit. After much discussion the committee decided to give the contract to the Red Cross Workshop for the memorial pulpit, which will have a suitable inscription carved on the base. After the evening service on Sunday next, the vicar will report to the committee further details. At the conclusion of the meeting Rev. A. B. Allen referred to the great loss the parish would sustain in the resignation of the people's warden, Geoffrey Heal, who has held the office for the past three years, ever since the church was built, as he is leaving the parish.

SMOKE HINDERS SURVEY  
Edmonton, July 29.—Forest fires northeast and west of Fort Smith, N.W.T., have made the air so smoky that the aeroplanes brought down to

survey the Wood Buffalo Park are remaining at Chipewyan until the smoke clears.
